A Day at the Zoo

My daughter R. goes crazy over any playset that contains animals, and this "[Day at the Zoo](#)" by **Imagiplay** was no exception. It includes 11 animals, a 3-piece 8" x 6" zoo entrance, penguin pond, and 8 fences. Unlike other playsets, this one is durable. It's hand-painted and hand-crafted from rubberwood (an environmentally-friendly hardwood) in Sri Lanka. It's a simple toy that gives kids hours of imaginative play. No wonder it's won several awards, including the Creative Child Seal of Excellence. Great birthday gift for ages 3 and up. \$27.99 at Imagiplay.com.
