

Dash the Alien

Discovering Earth

Help Dash the alien
fix his spaceship
and get home to Pluto!

An activity book for
smart little explorers!

Hello! Will you help Dash the alien get to his spaceship?

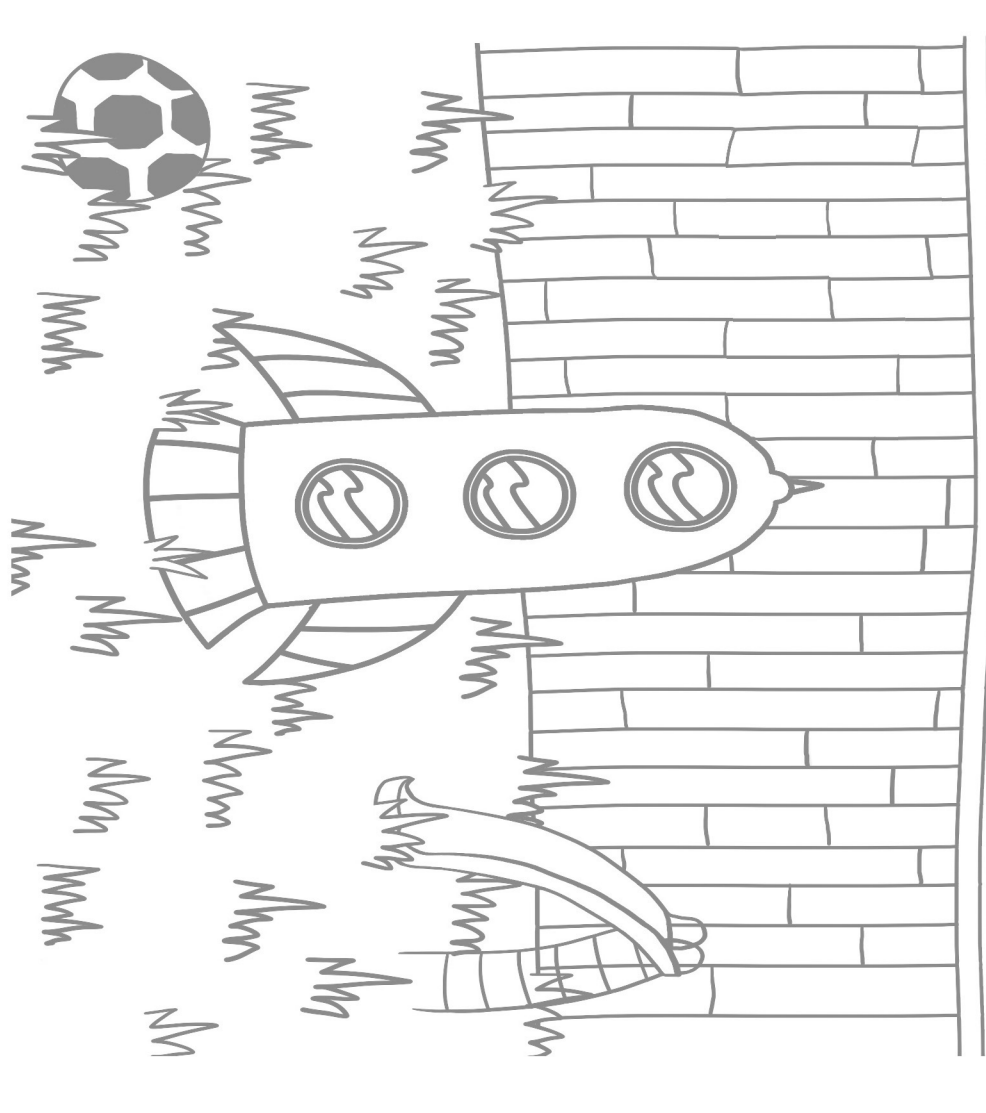

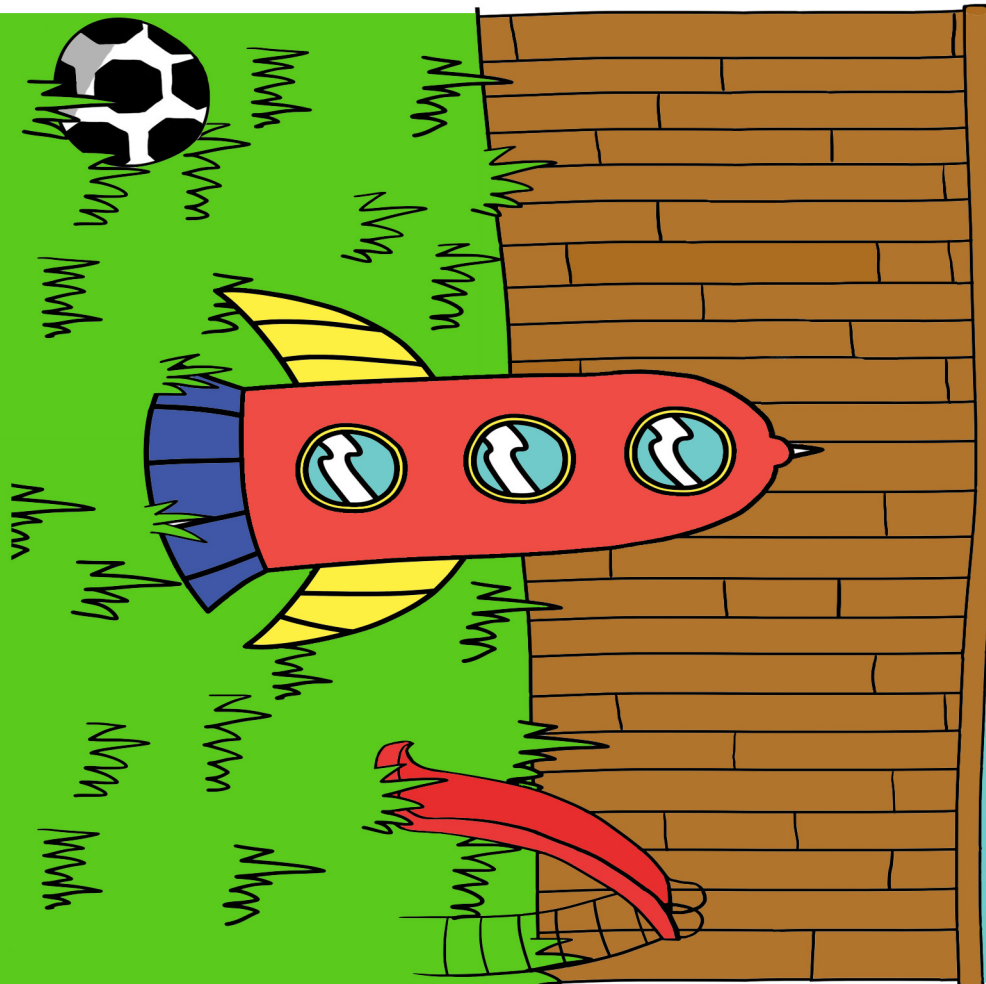

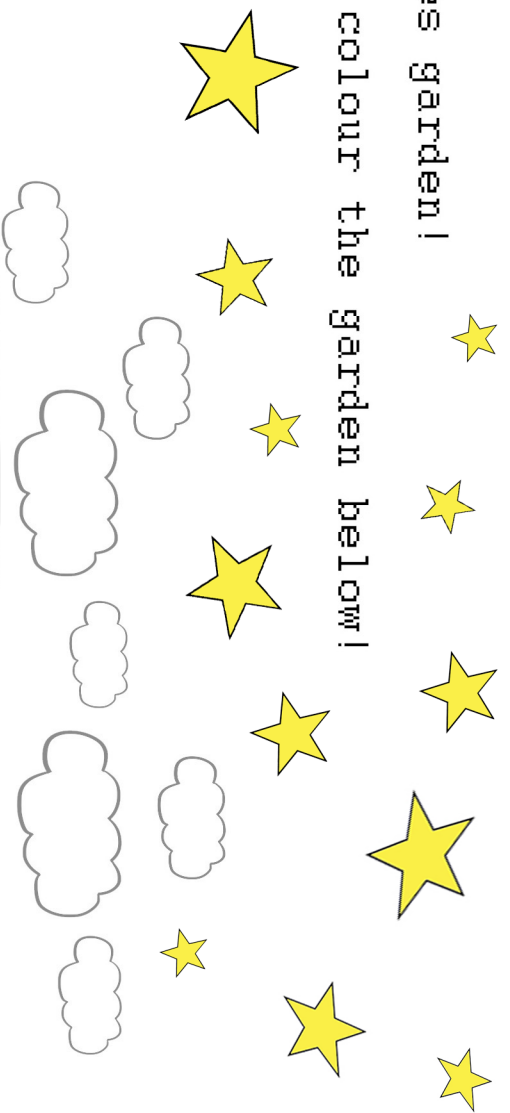

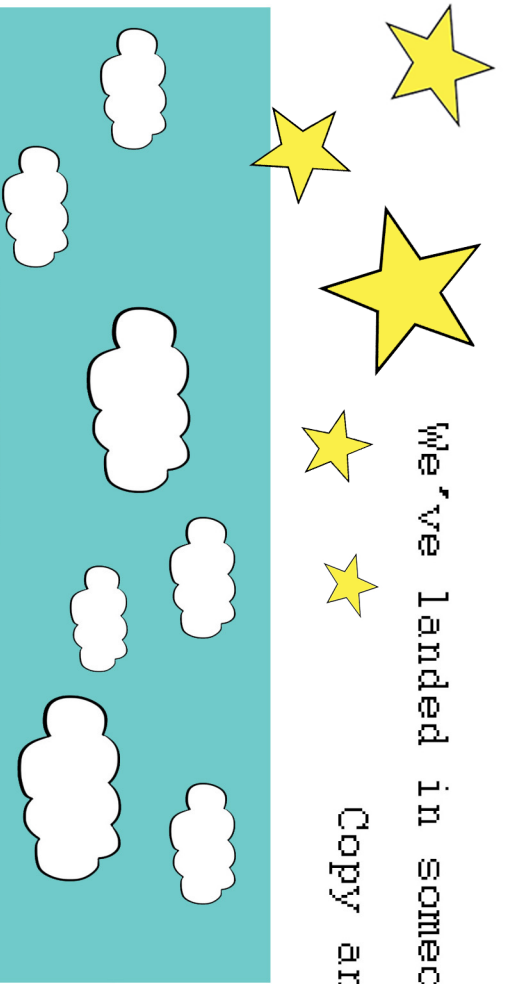

We can see the Earth! Help the little alien spot the difference so he can change course for Earth!

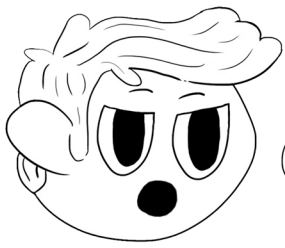

Pssst! There are six differences to find!

We've landed in someone's garden!

Copy and colour the garden below!

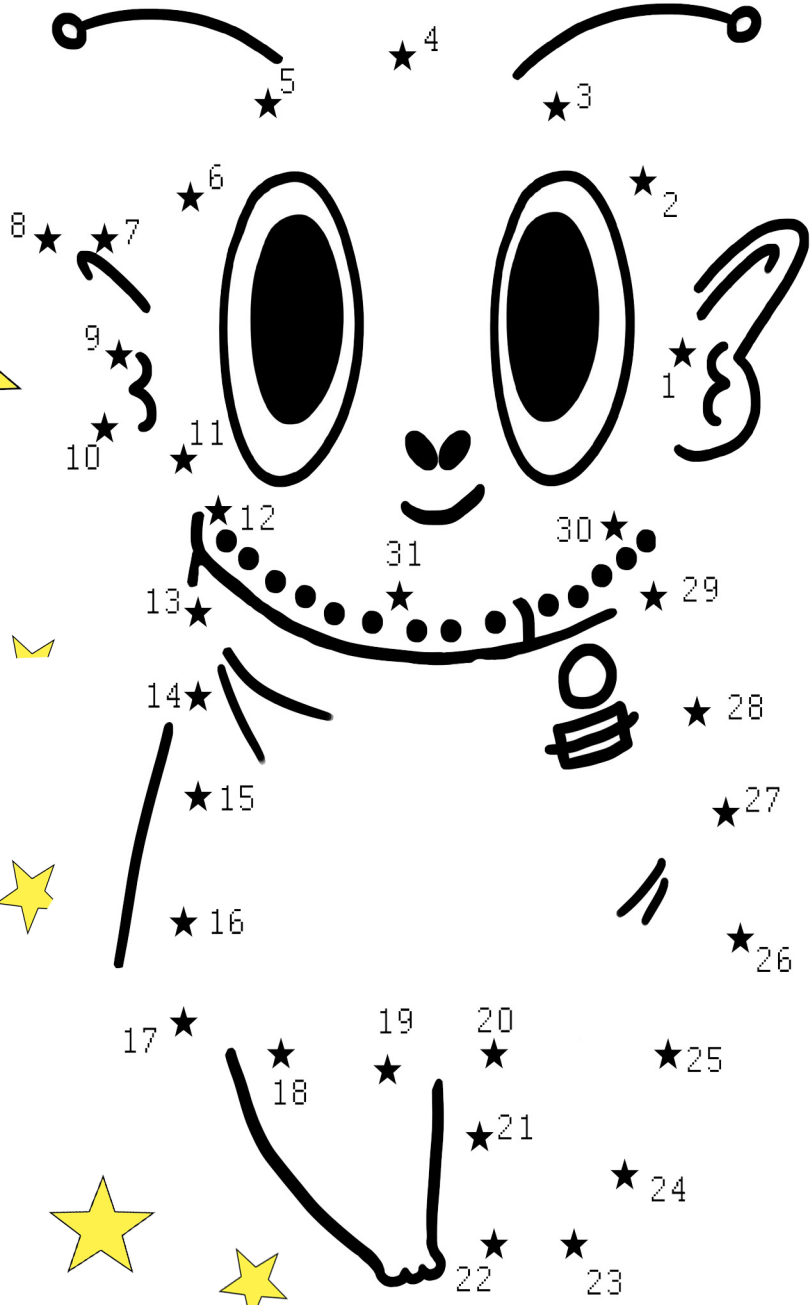

Look Alysia! Someone is climbing out of the spaceship!

Oh wow Matthew! Who is it?!

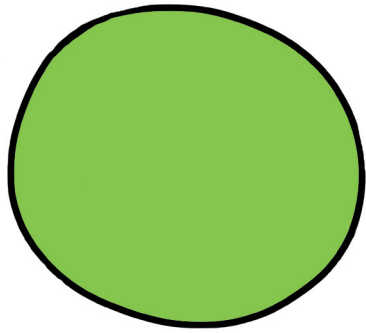

Join up the dots to meet Dash the alien!

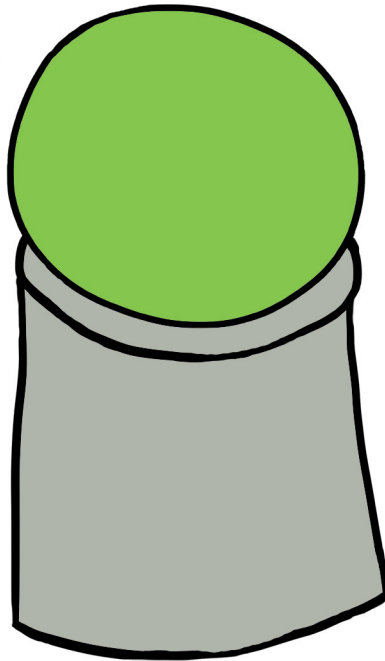

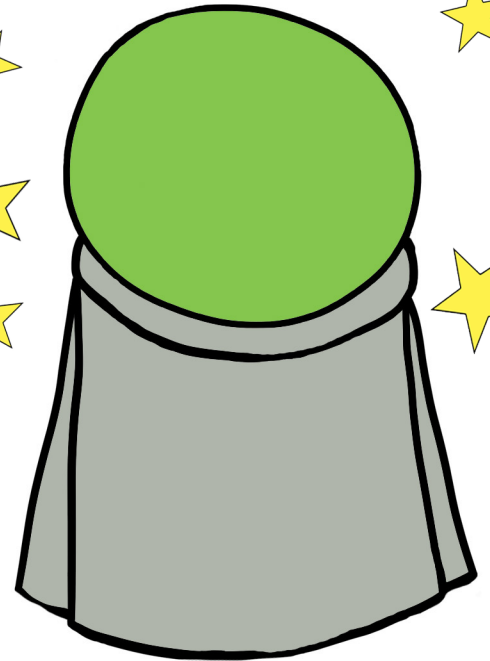

Let's draw dash together!

1. Start with a big circle for dash's head!

2. Draw a big rectangle for Dash's body. I like to give him a collar for his space suit!

3. You can use two pointy triangles to make arms!

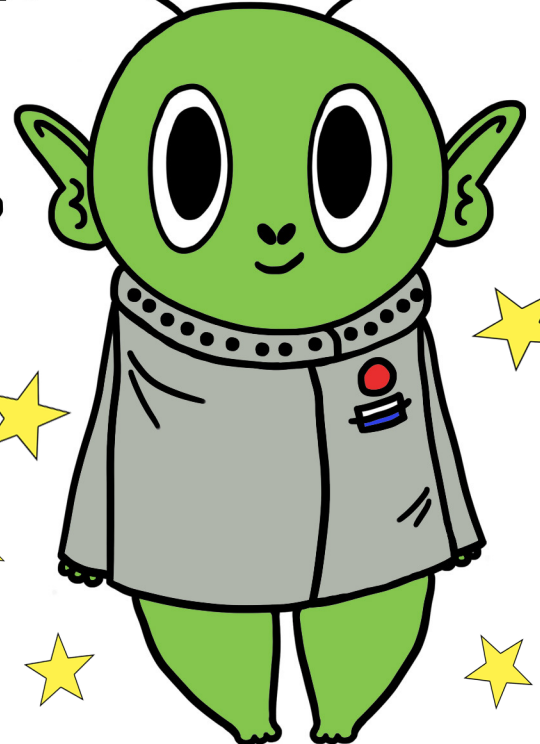

4. Use big Oval shapes to make eyes for Dash! Smaller ones also make a great alien nose!

6. A long line with a circle on the end makes a fantastic antenna

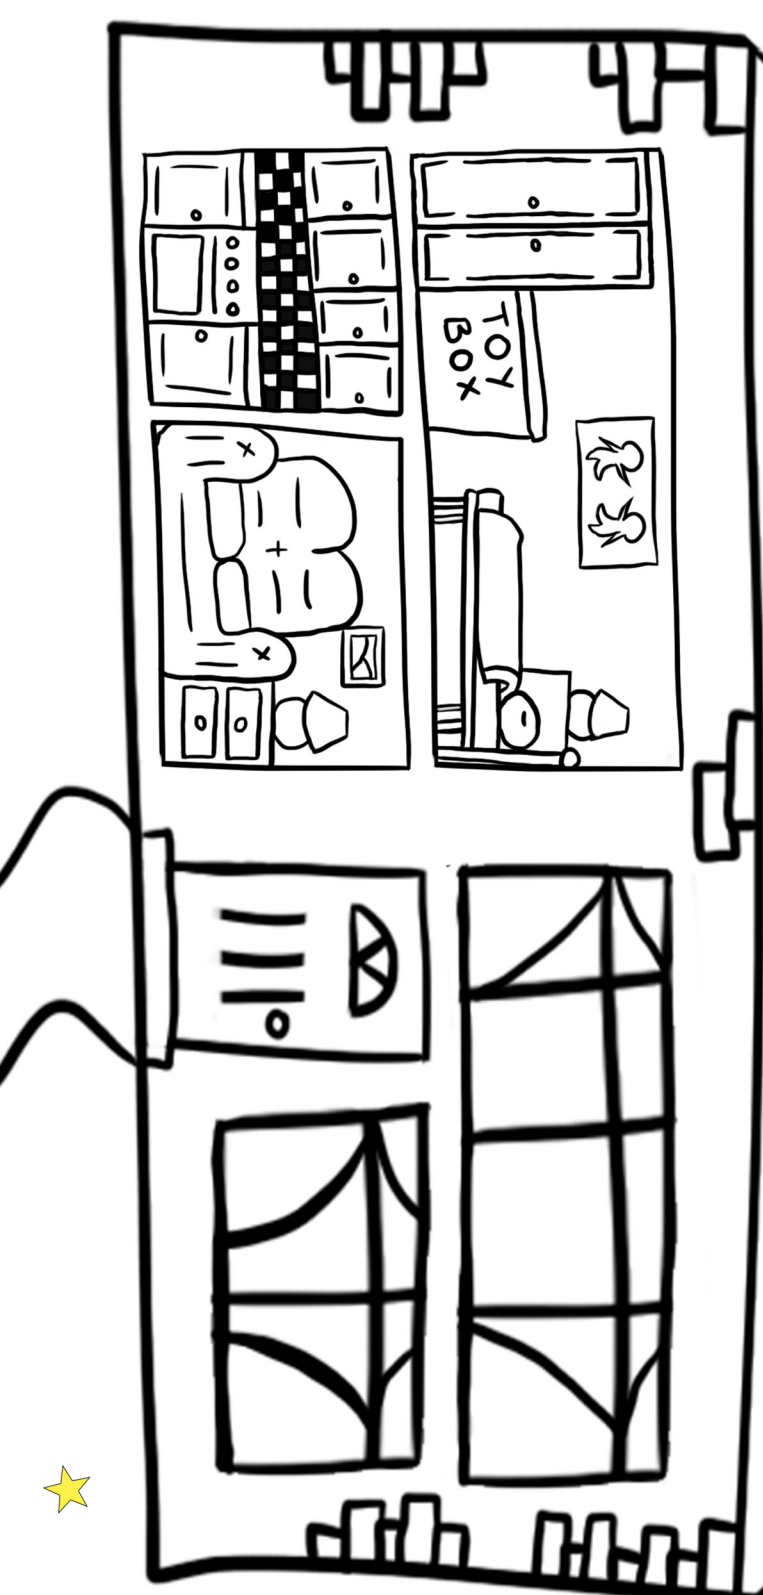

7. Don't forget to add big alien ears!

5. Use tiny circles for perfect alien toes!

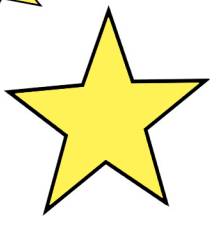

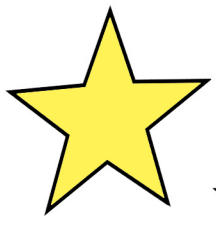

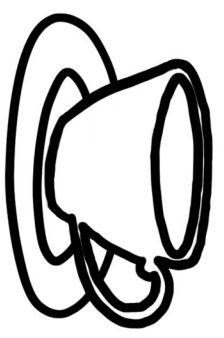

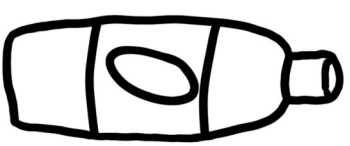

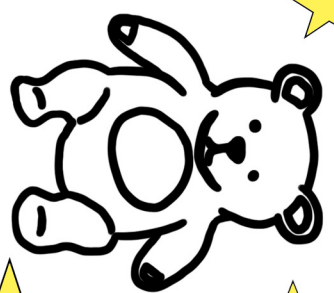

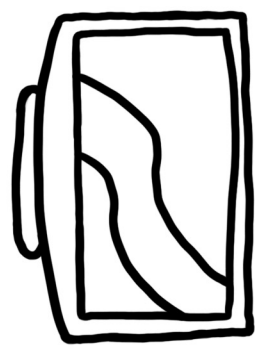

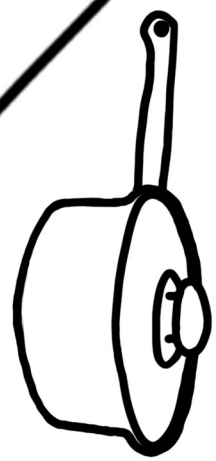

8. Add whatever fun details you like! I like to give him some badges and little circle fingers!

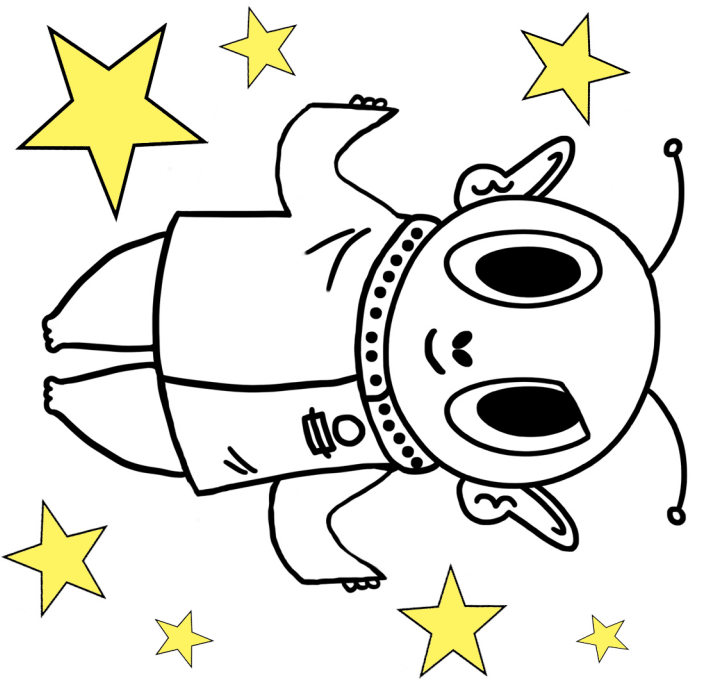

We need to get Dash
in the house!
But we'd better clean up
first!

Do they belong in the kitchen,
living room or the bedroom?
Don't forget to colour them in!

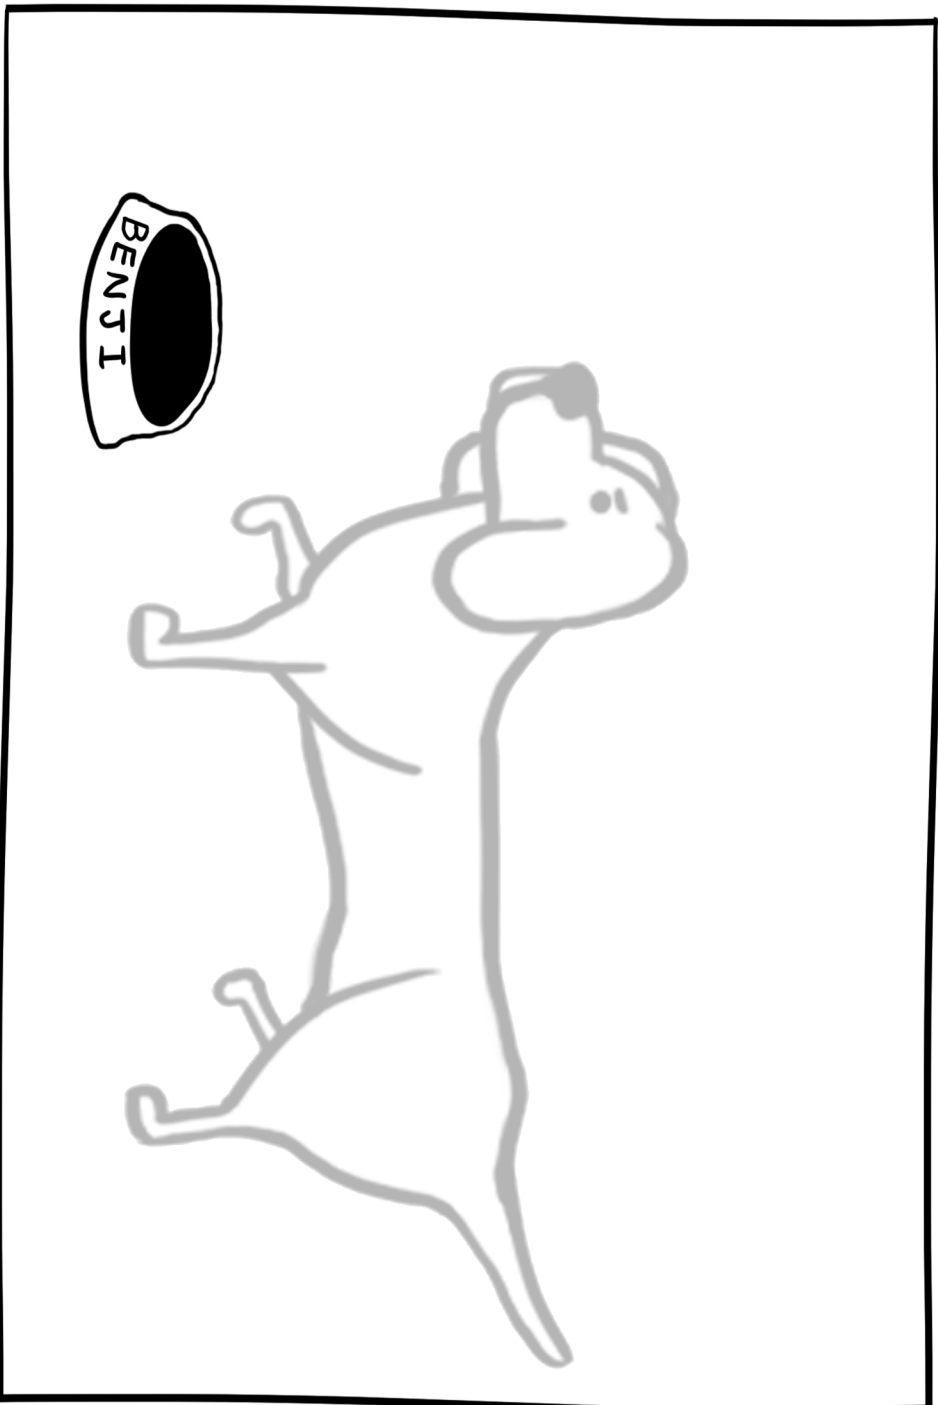

Slow down Dash!
You're scaring
our dog!

It's like he's
never seen and alien
before

Follow the lines to draw Benji the dog!
Don't forget to colour him in!

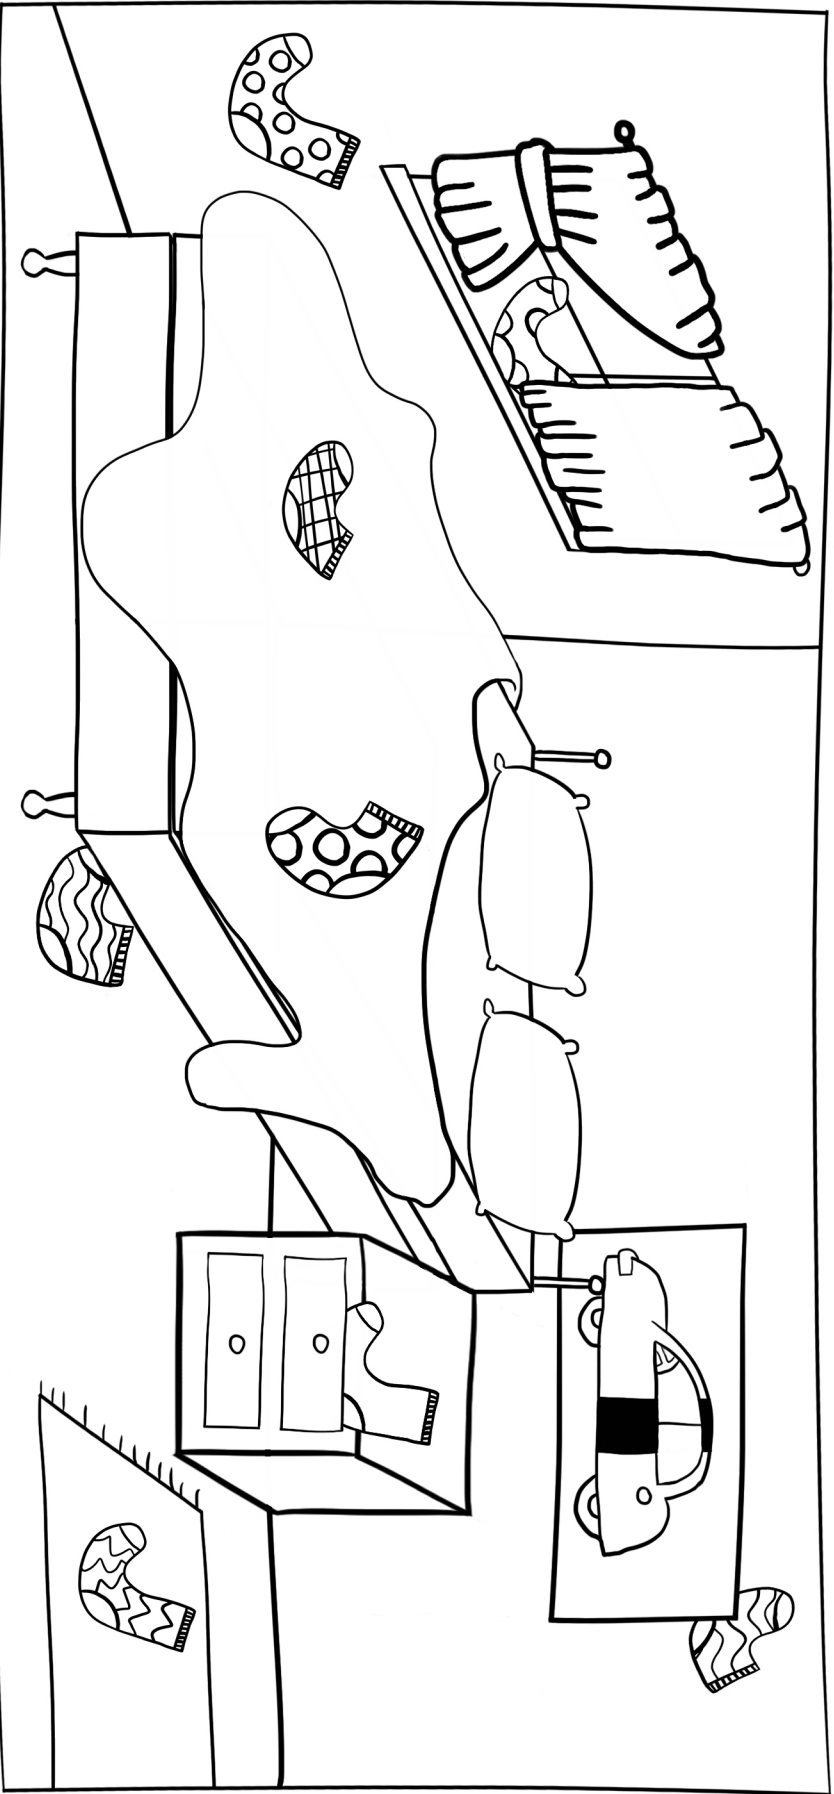

Hey Dash! You
can live in my room!

But your room
stinks of smelly socks
Matthew!

How many smelly socks can you find in Matthew's bedroom?

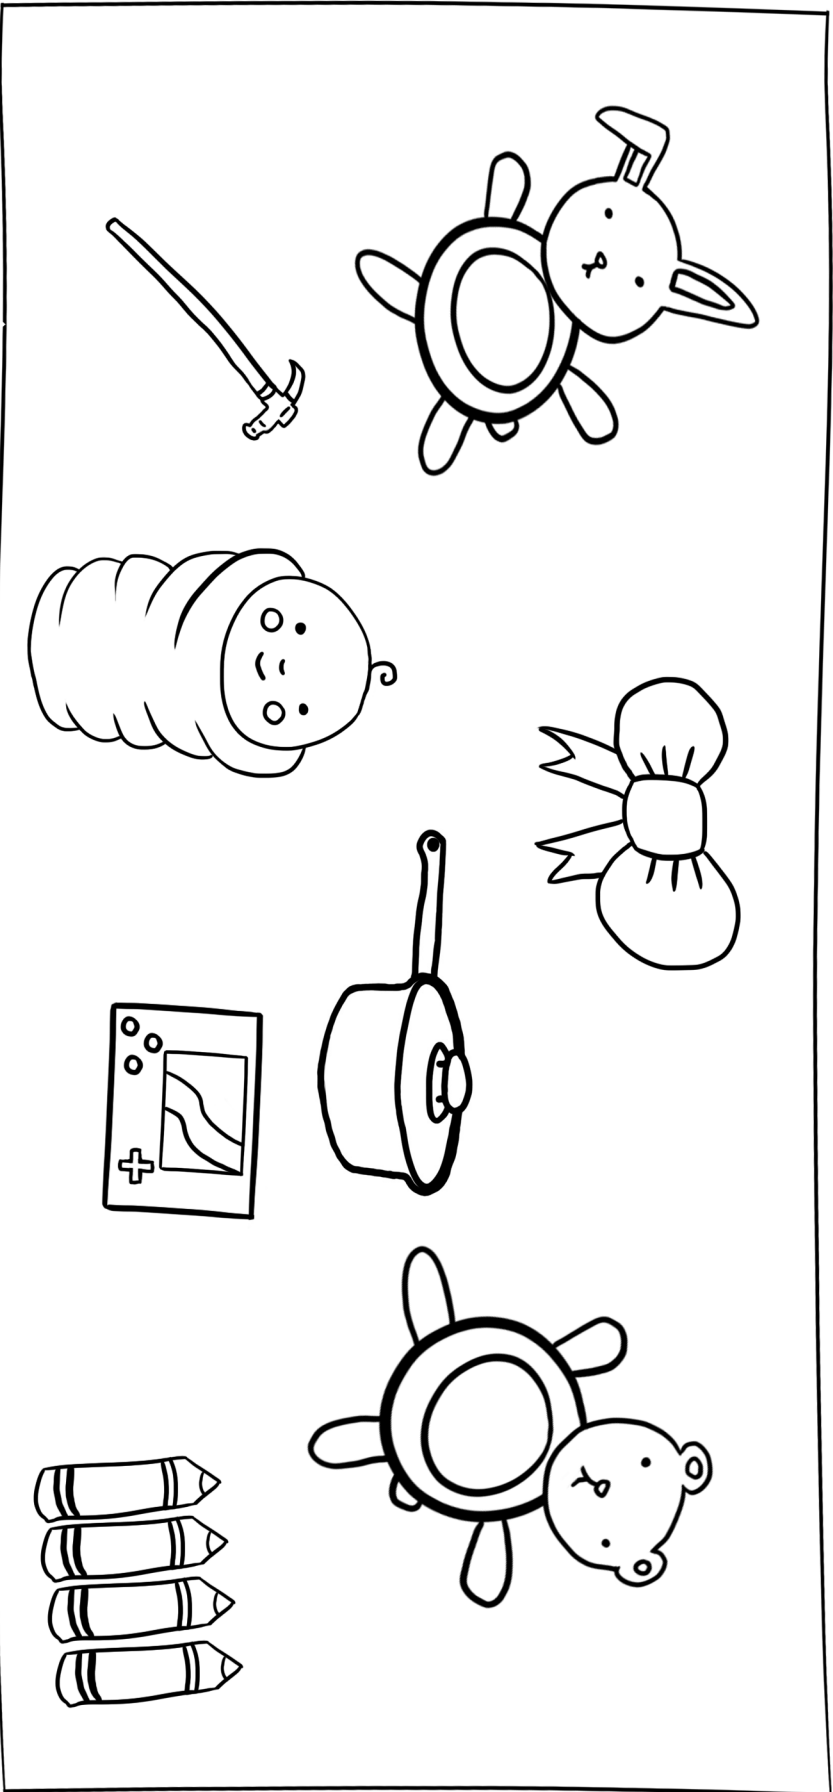

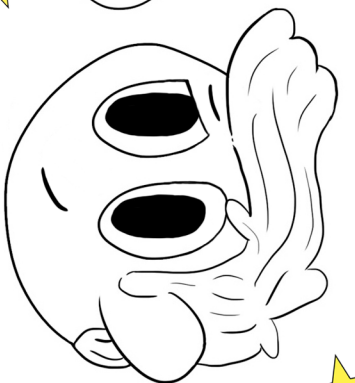

Don't worry Dash,
you can live in my room!
I have lots of cool
toys!

Look in Alysa's toy box, what doesn't belong in there?

He's an alien!
He probably doesn't know
what toys are!

We haven't stopped to get
to know Dash!
What's your favourite
colour Dash?

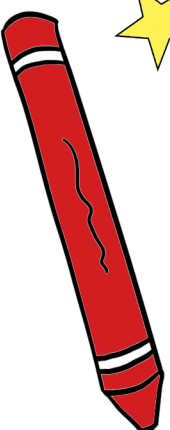

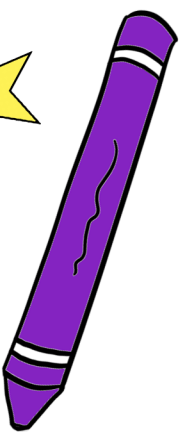

Do you know your colours
Dash?

Show Dash which colour is which
by joining the right words to the crayons

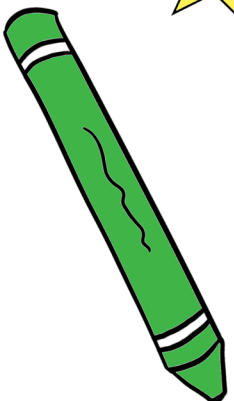

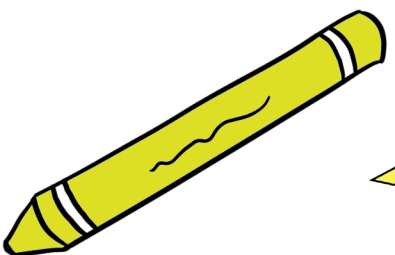

Blue

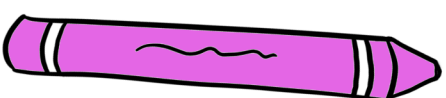

Purple

Yellow

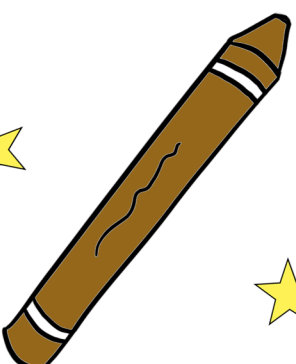

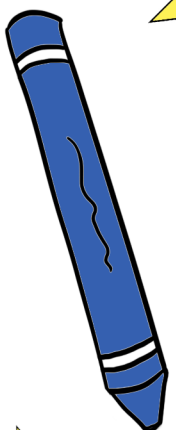

Brown

Green

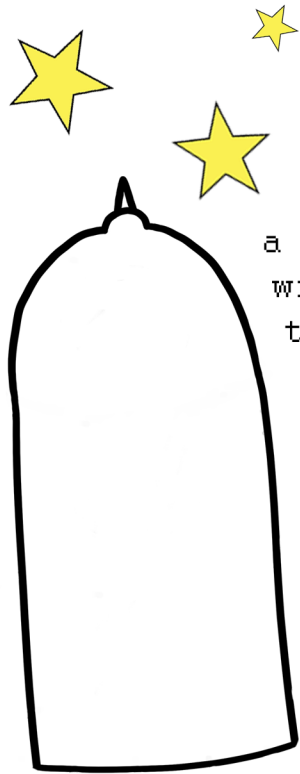

Red

Pink

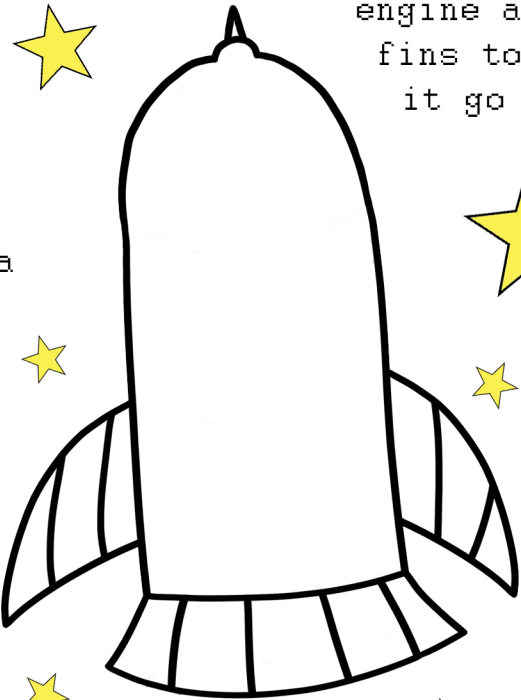

Lets draw a rocket together!

1. Start by drawing a big long sausage shape, with one end flat, like the sausage has had the end chopped off!

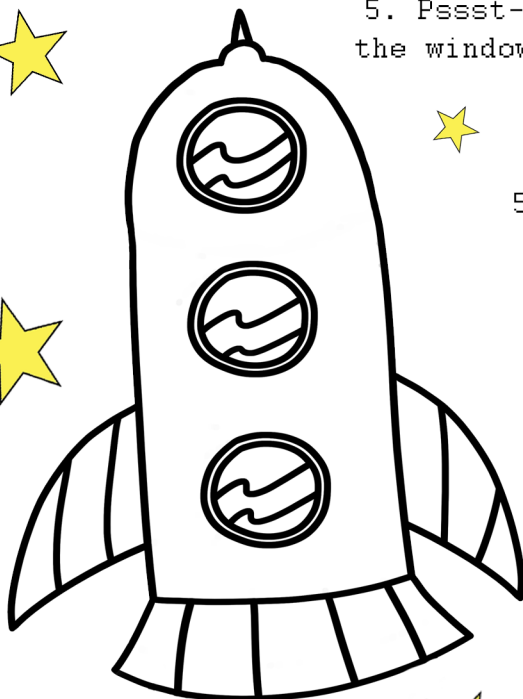

2. Add a pointy antenna to the top! That's how the ship knows where it's going!

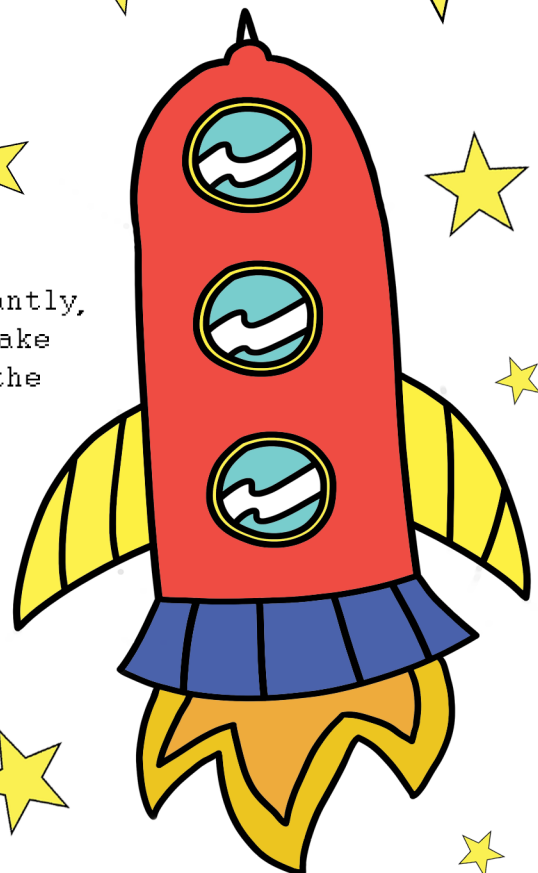

3. Use big curvey triangles to make the rocket's engine and cool fins to make it go faster!

4. Now use big circles to make windows! Dash needs to be able to see where he's flying!

5. Pssst- Wobbly lines on the windows make them look shiny!

5. Last but most importantly, big curvey triangles make awesome fire to send the rocket into space!

Dash is trying to tell us something!

What is it Dash?

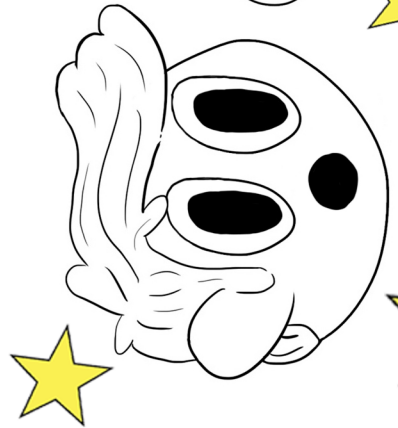

Will you help find the words that Dash is trying to say?

Y G V T H E M I Q H K N L A L
 E R Y S Z S S W F E U R V U Z
 P S A M D O P A T L X O Q I F
 L R D O S A X N E P J T J V A

 A T B P S S C U T T I J A Q N X
 S D A J N E K O R B D P S W V
 V L J J E S S C S Q A D Z V N M

Dash is feeling SAD, He's starting to MISS his PARENTS. The ship made a loud CRASH, when it landed, and now it's BROKEN, PLEASE, will you HELP him find the PARTS for his ship so he can fly home to PLUTO?

Find the words in capital letters in the word search!

- | | | |
|----------------------------------|---------------------------------|--------------------------------|
| <input type="checkbox"/> MISS | <input type="checkbox"/> BROKEN | <input type="checkbox"/> PLUTO |
| <input type="checkbox"/> SAD | <input type="checkbox"/> PLEASE | |
| <input type="checkbox"/> PARENTS | <input type="checkbox"/> HELP | |
| <input type="checkbox"/> CRASH | <input type="checkbox"/> PARTS | |

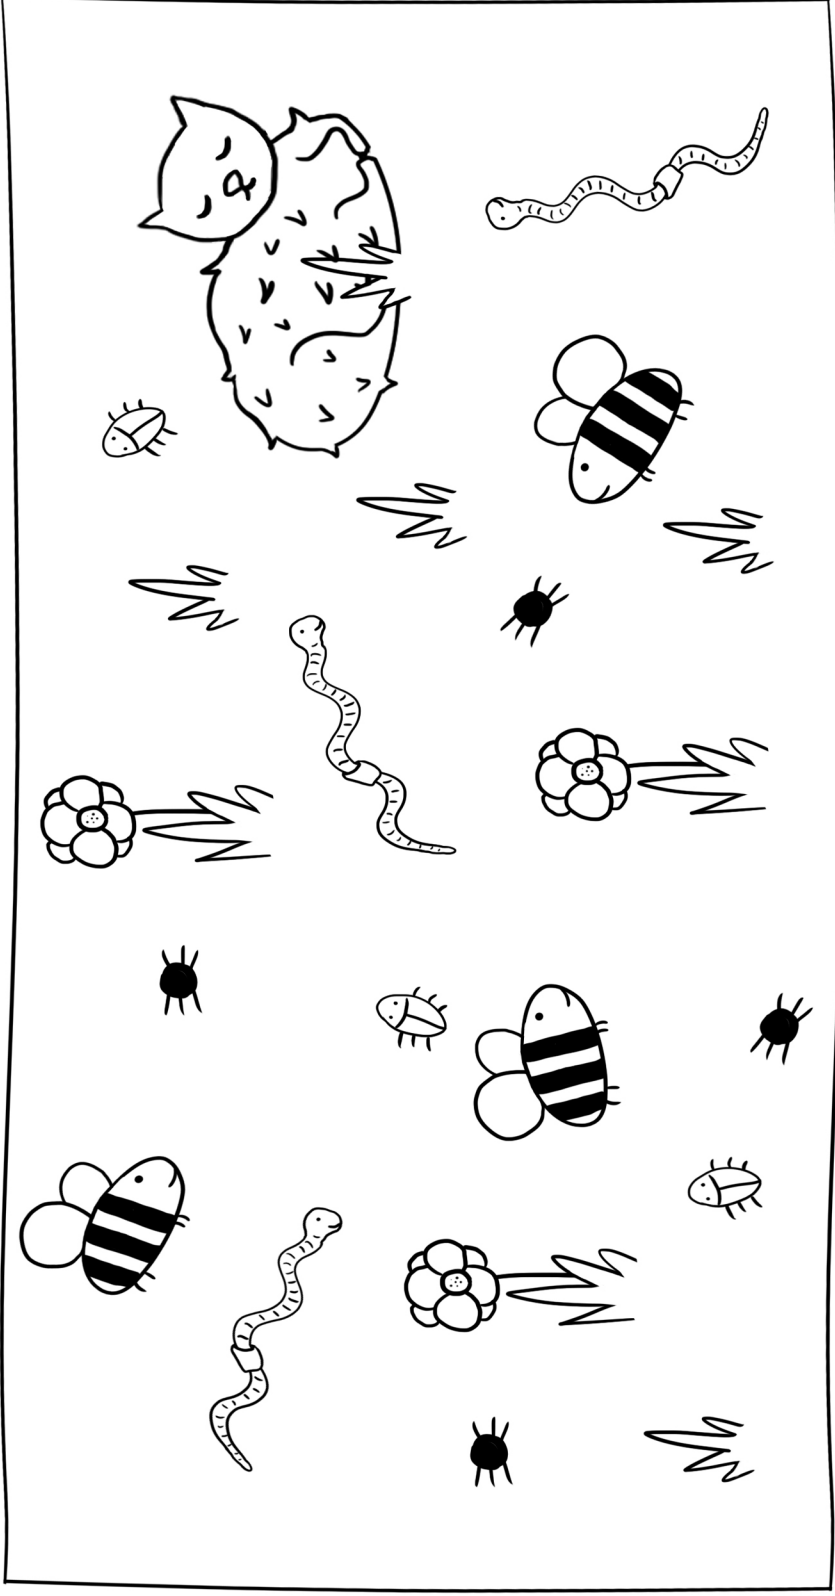

Dash wants to fly home!
He misses his parents!

Let's get him
to his spaceship!
It's in the garden!

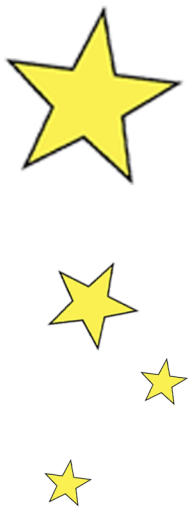

How many creatures can you spot in the garden?

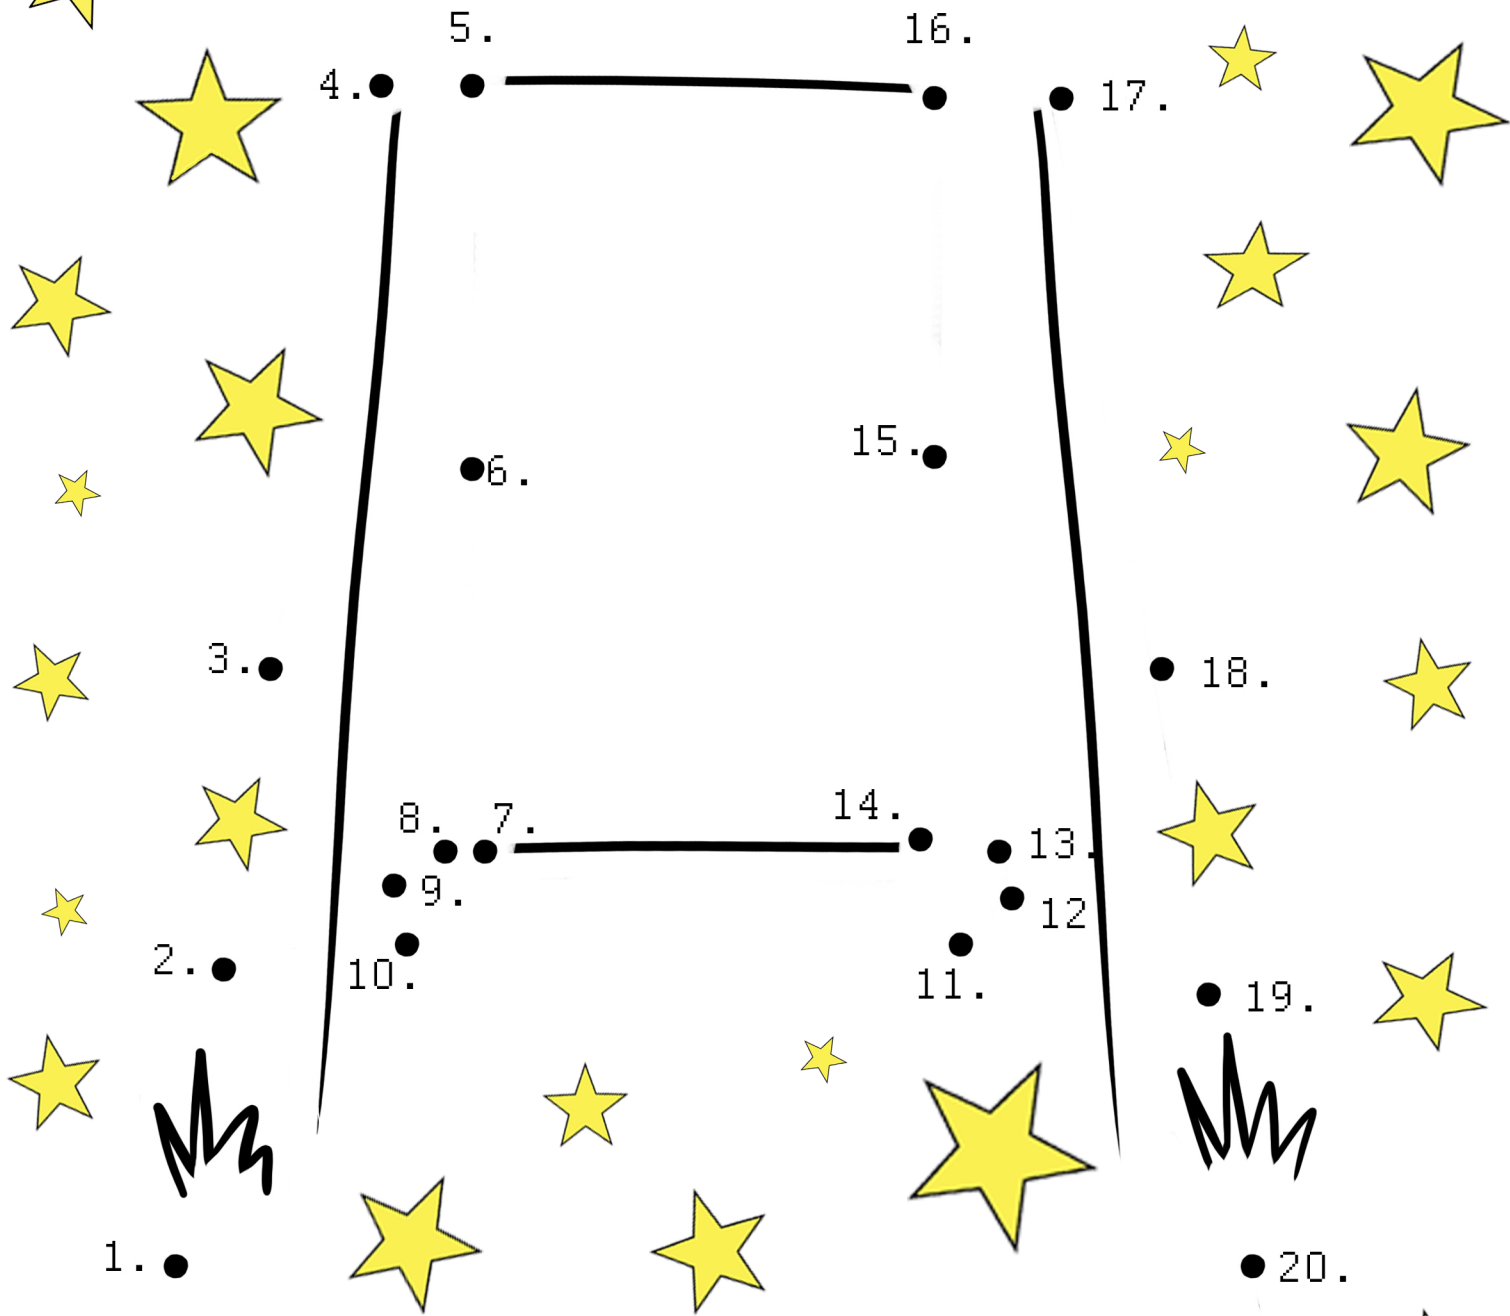

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

- How many Bees are there?
- How many spider are there?
- How many beetles are there?
- How many worms are there?
- How many cats are there?
- How many creatures are here all together?

Slow down Dash!
You'll run into
our swing set!

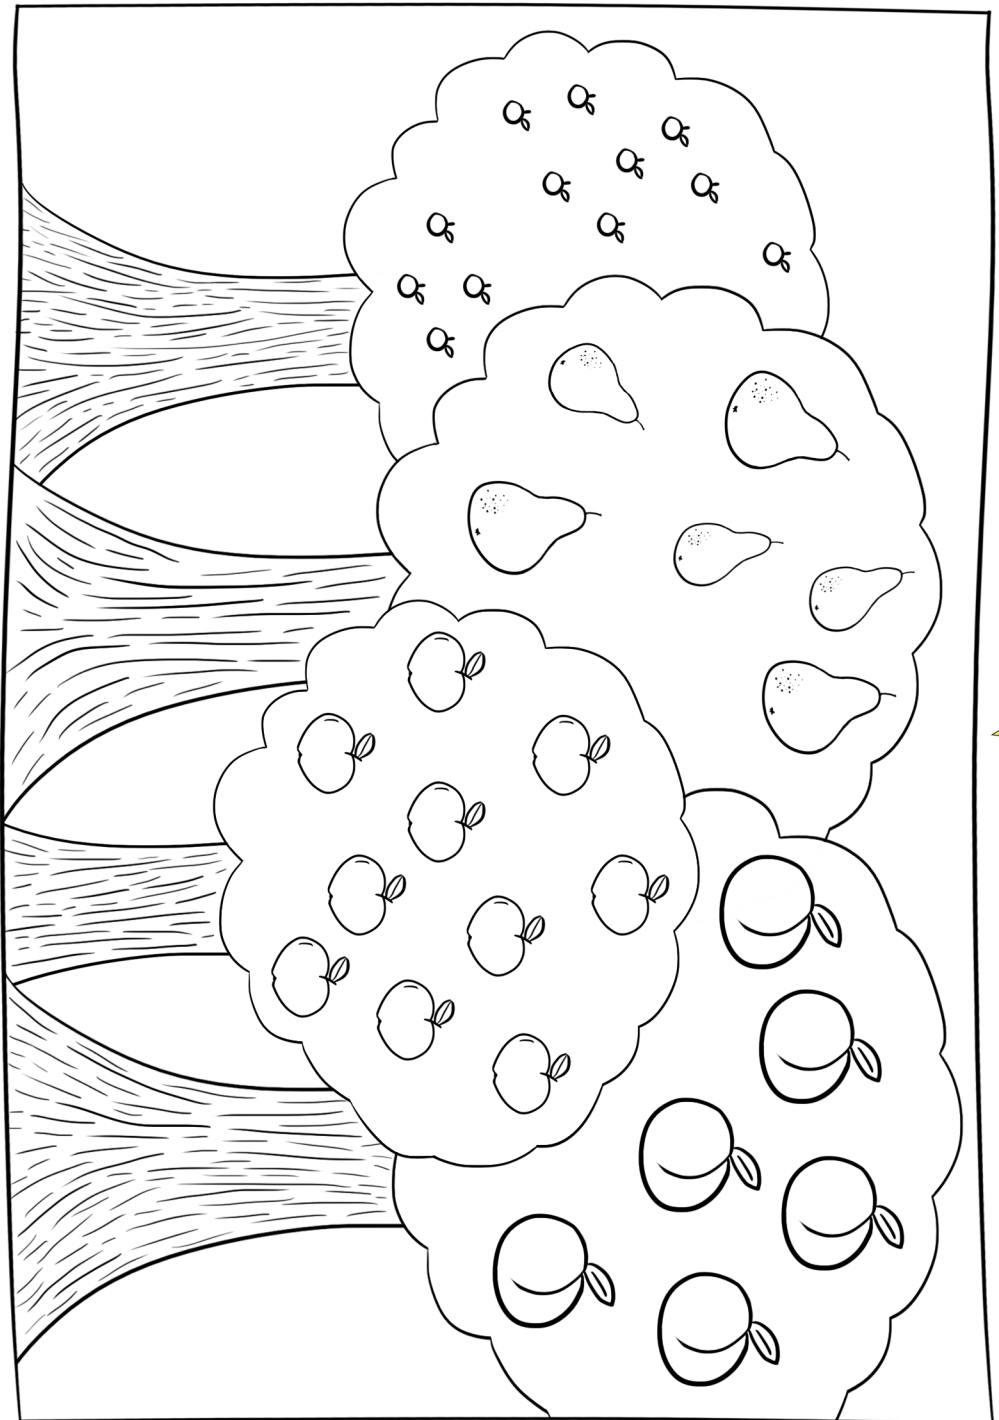

Connect the dots to help
Dash spot the swing set!

Slow down Dash!
You can't fly home
on an empty stomach!

Yeah Dash slow down!
Grab some fruit
from our trees!

How many pears can
you see?

How many plums
can you see?

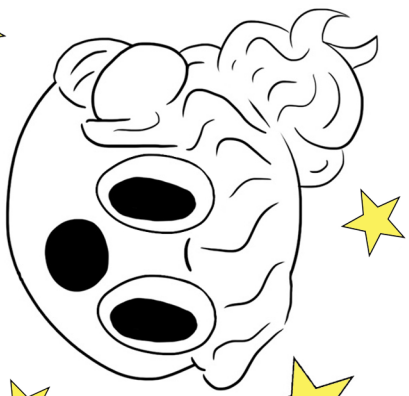

How many apples
can you see?

How many peaches
can you see?

How many fruits are
there all together?

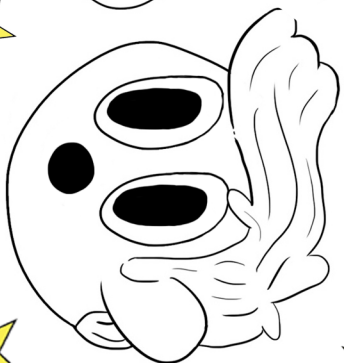

Five empty rectangular boxes for counting answers.

Pssst! Don't forget to colour in the fruit and the trees!

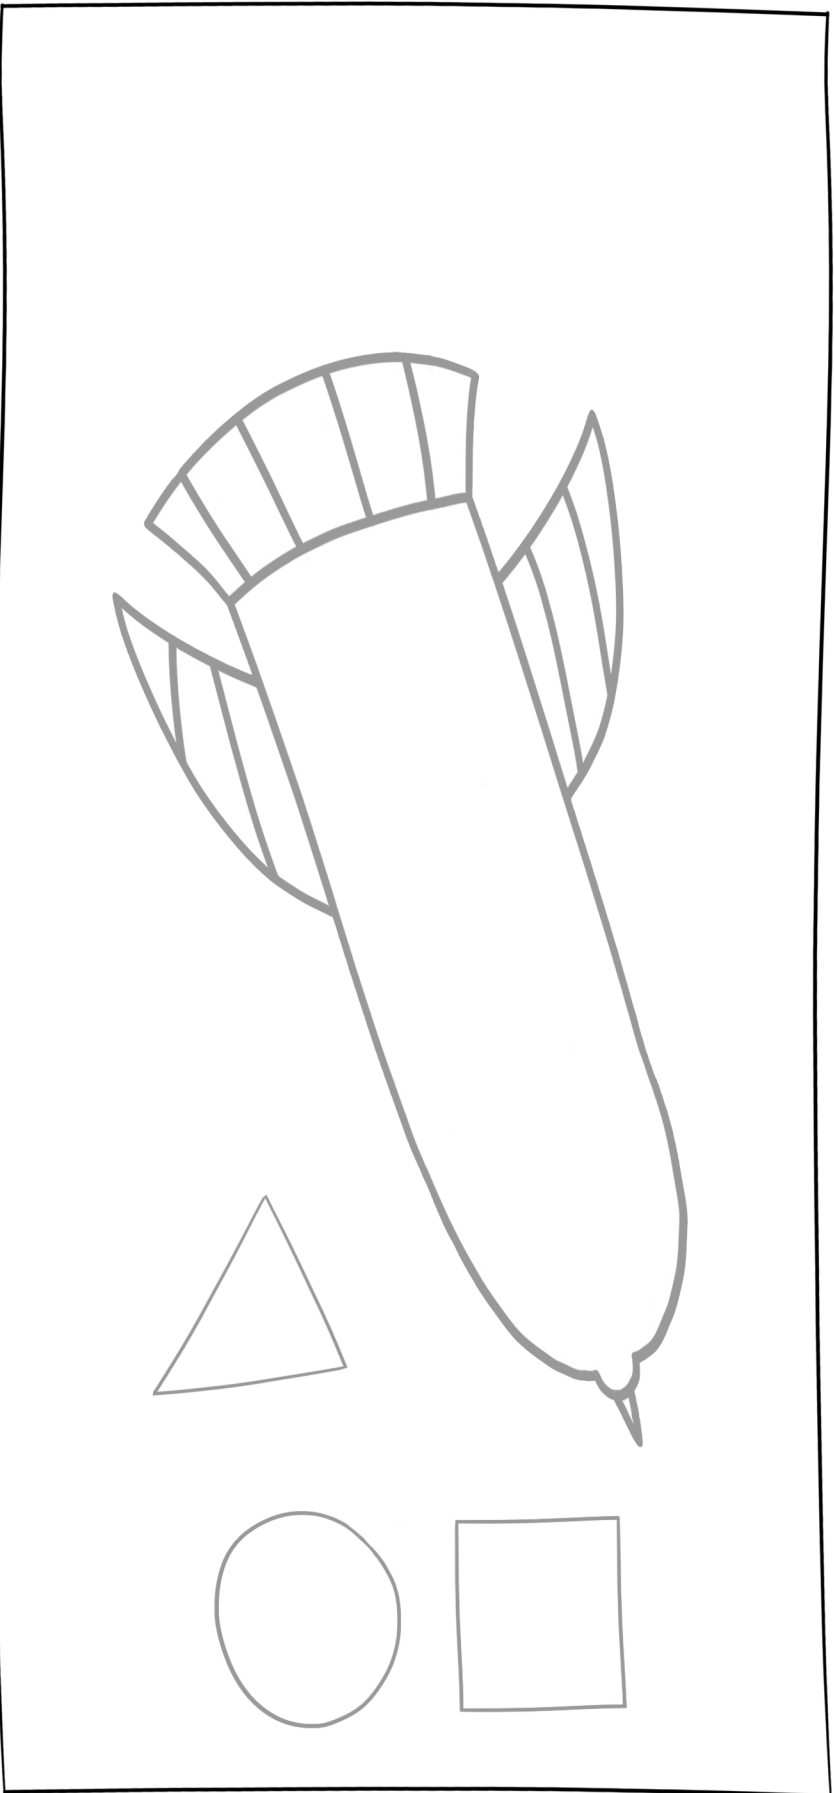

There's your ship
Dash! Can you fix it?

I wish I had my own
space ship!

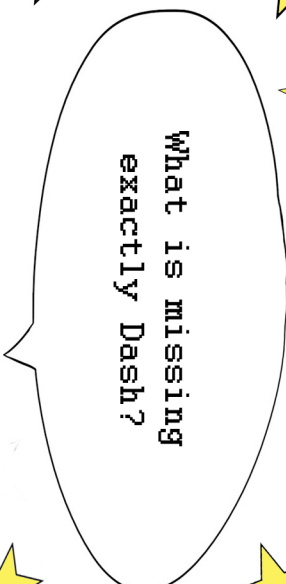

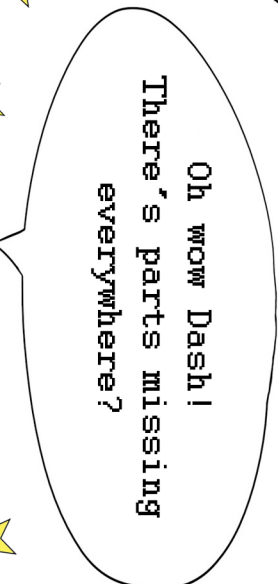

If you had your own space ship, what would it look like? Would it have windows?
What colour would it be? Would it be long or short? There's an outline to help if you get stuck
but try to doodle your own spaceship! Try to use all three the shapes below!

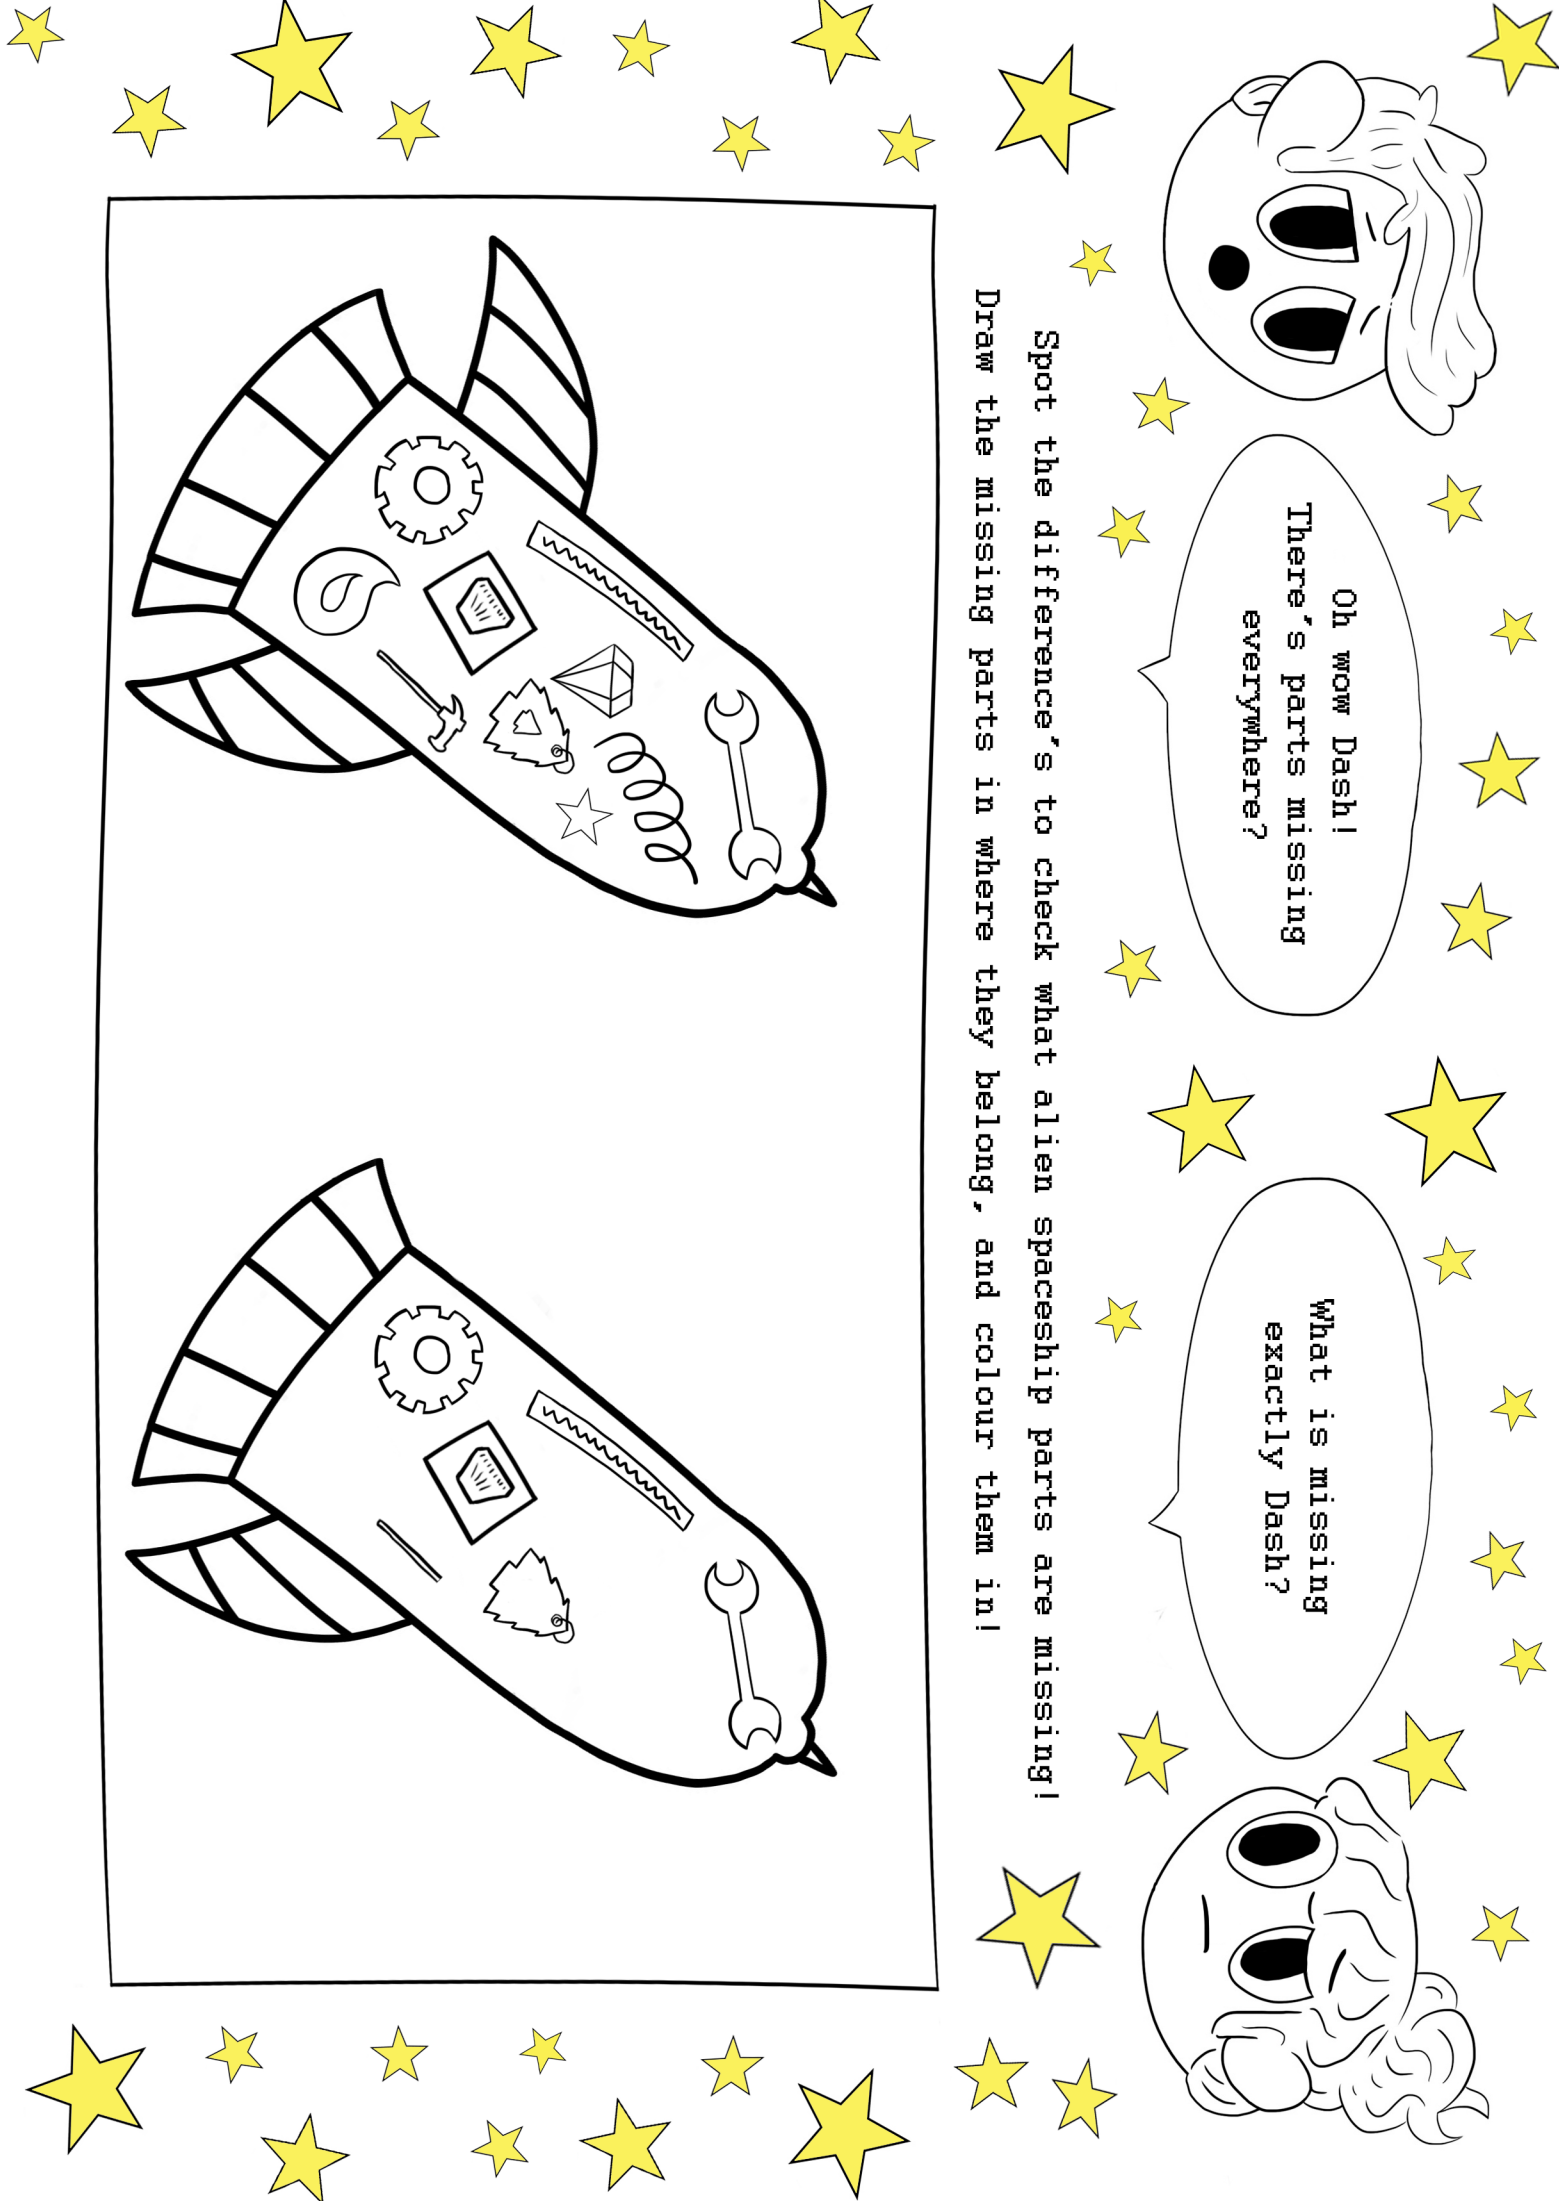

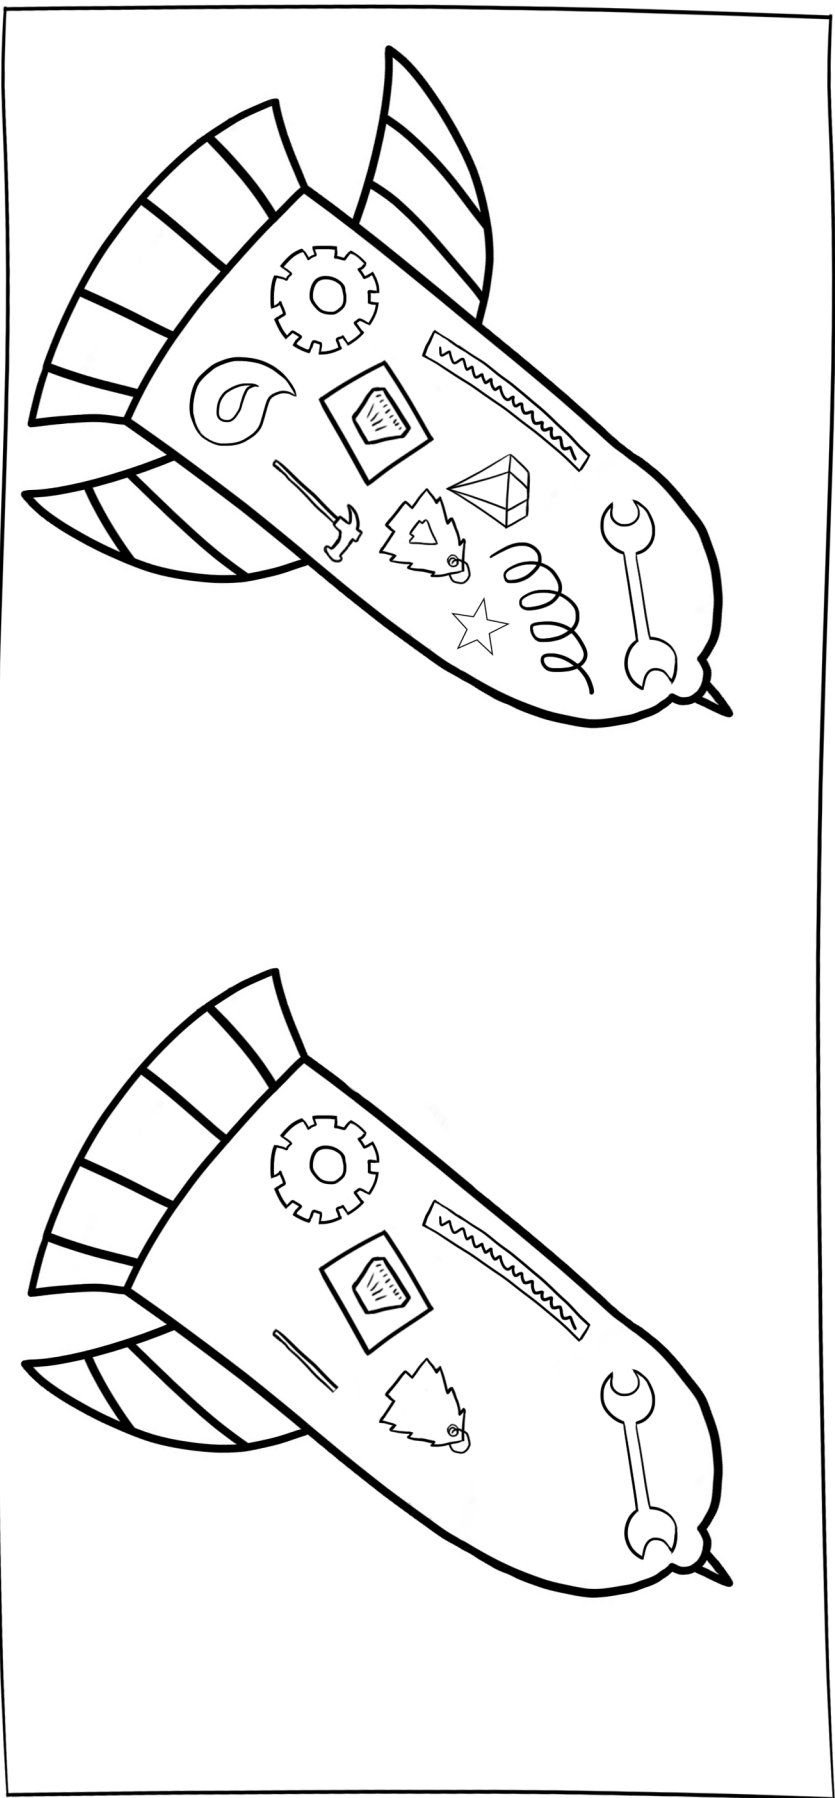

Oh wow Dash!
There's parts missing
everywhere?

What is missing
exactly Dash?

Spot the difference's to check what alien spaceship parts are missing!
Draw the missing parts in where they belong, and colour them in!

We'll find those missing parts, and get you home Dash!

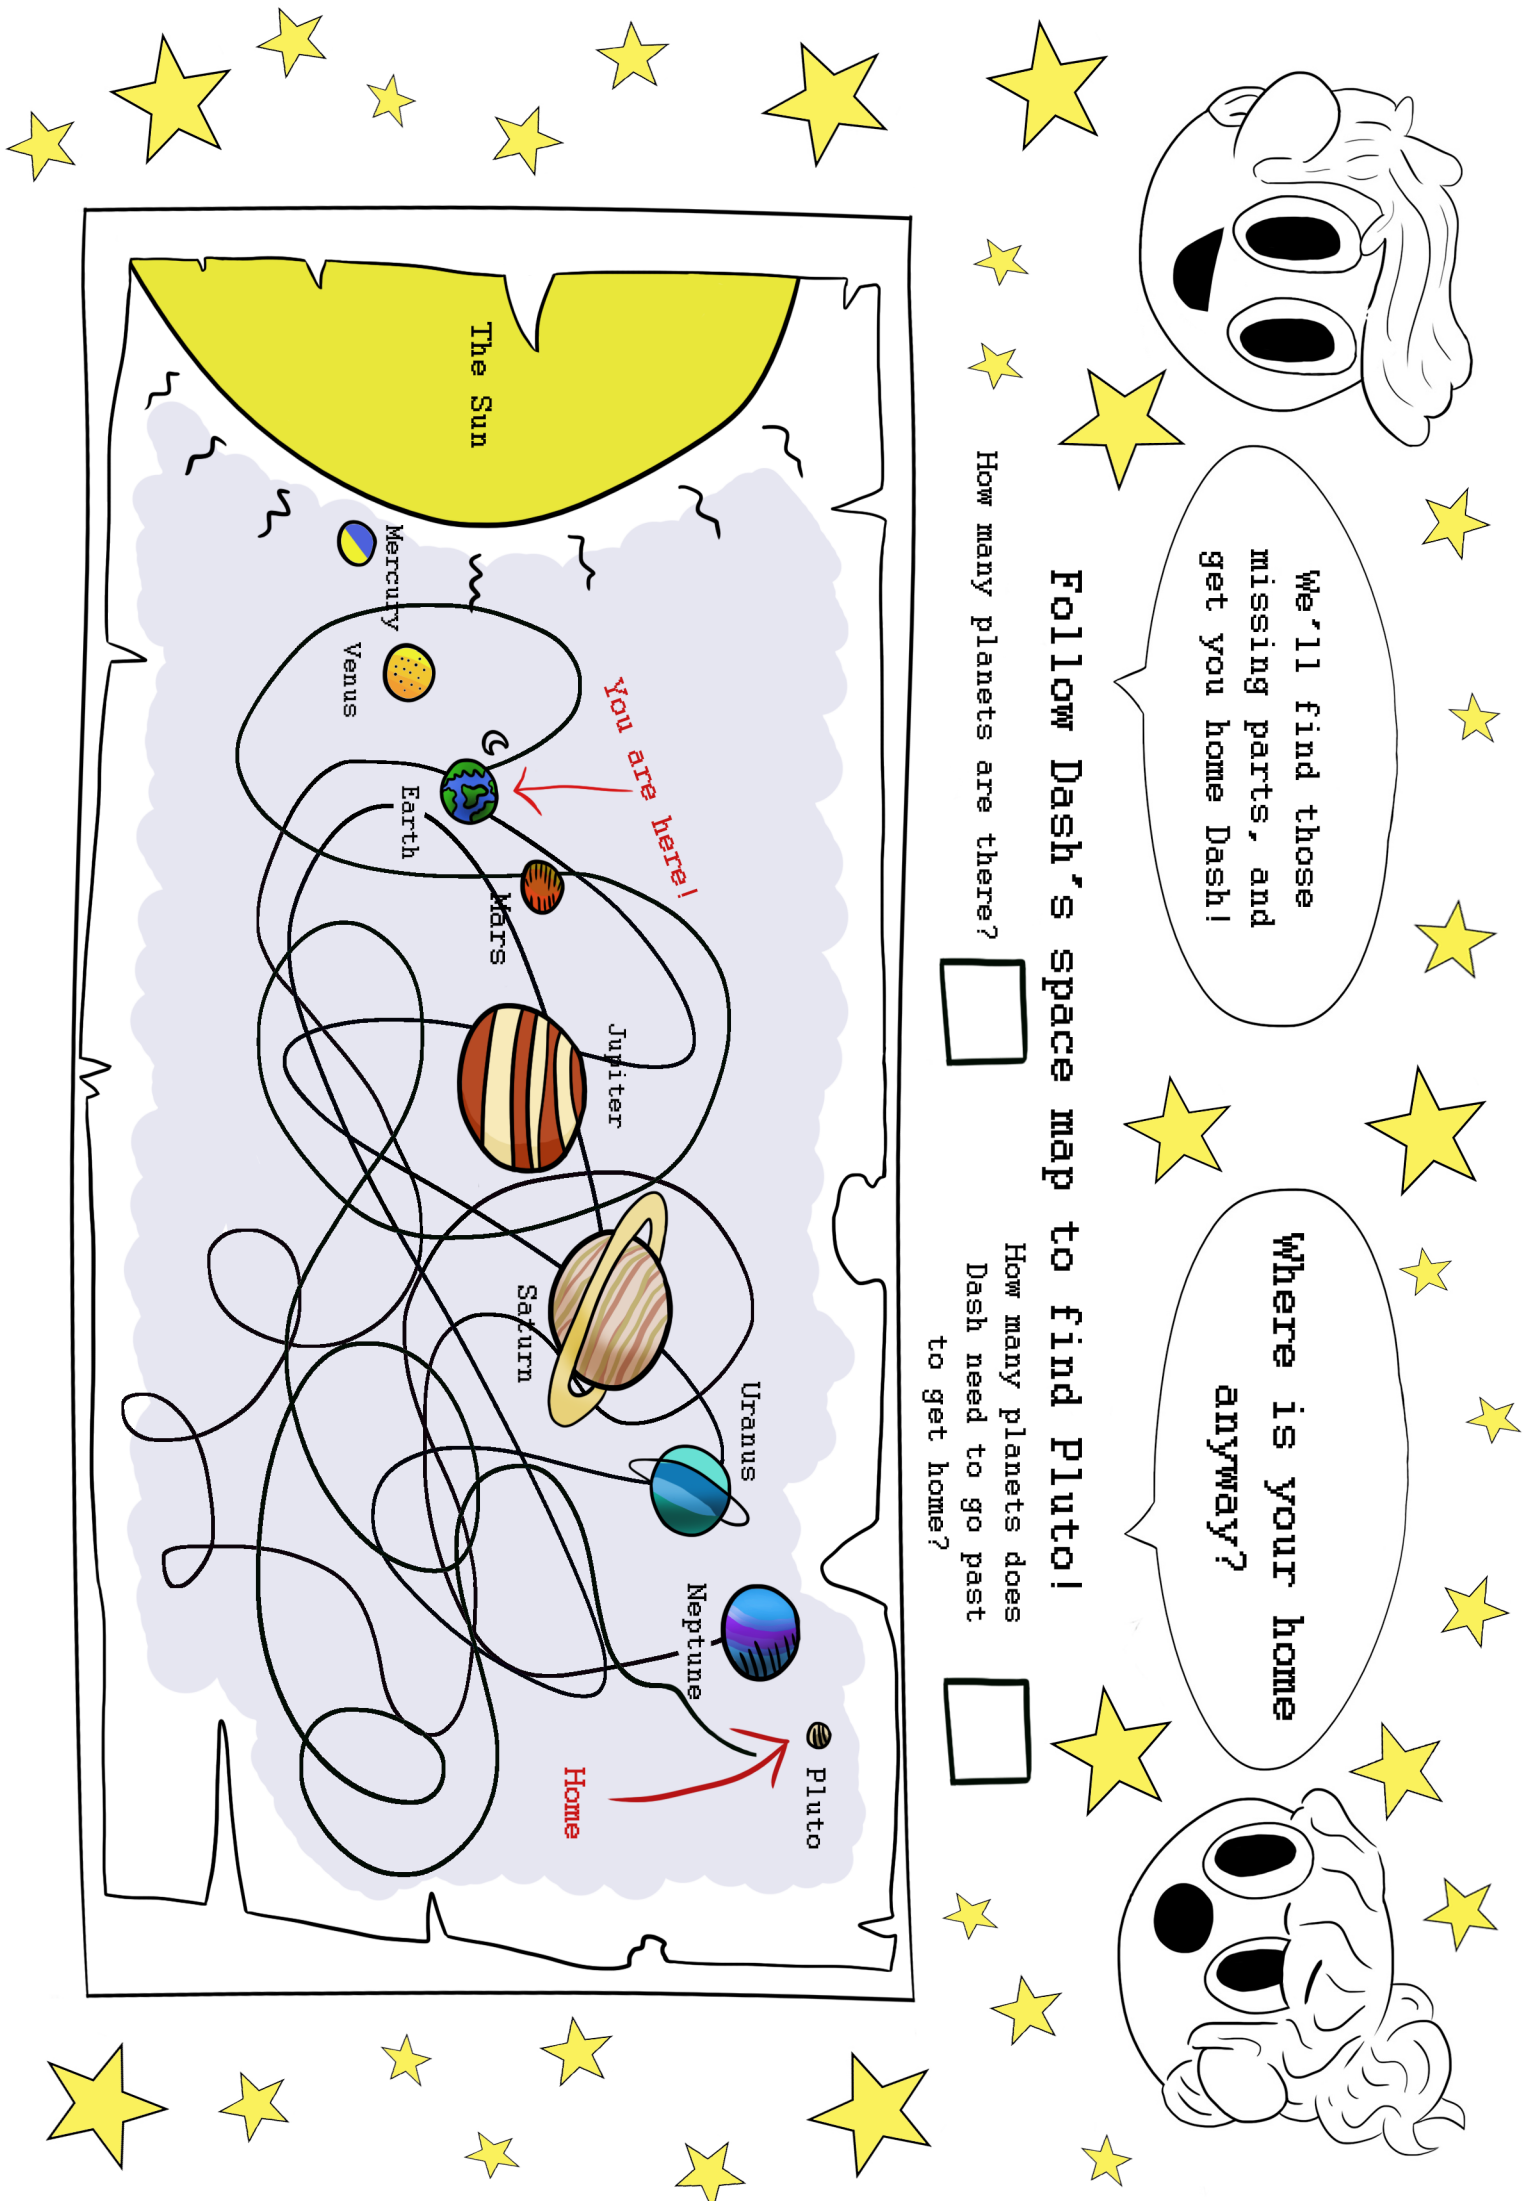

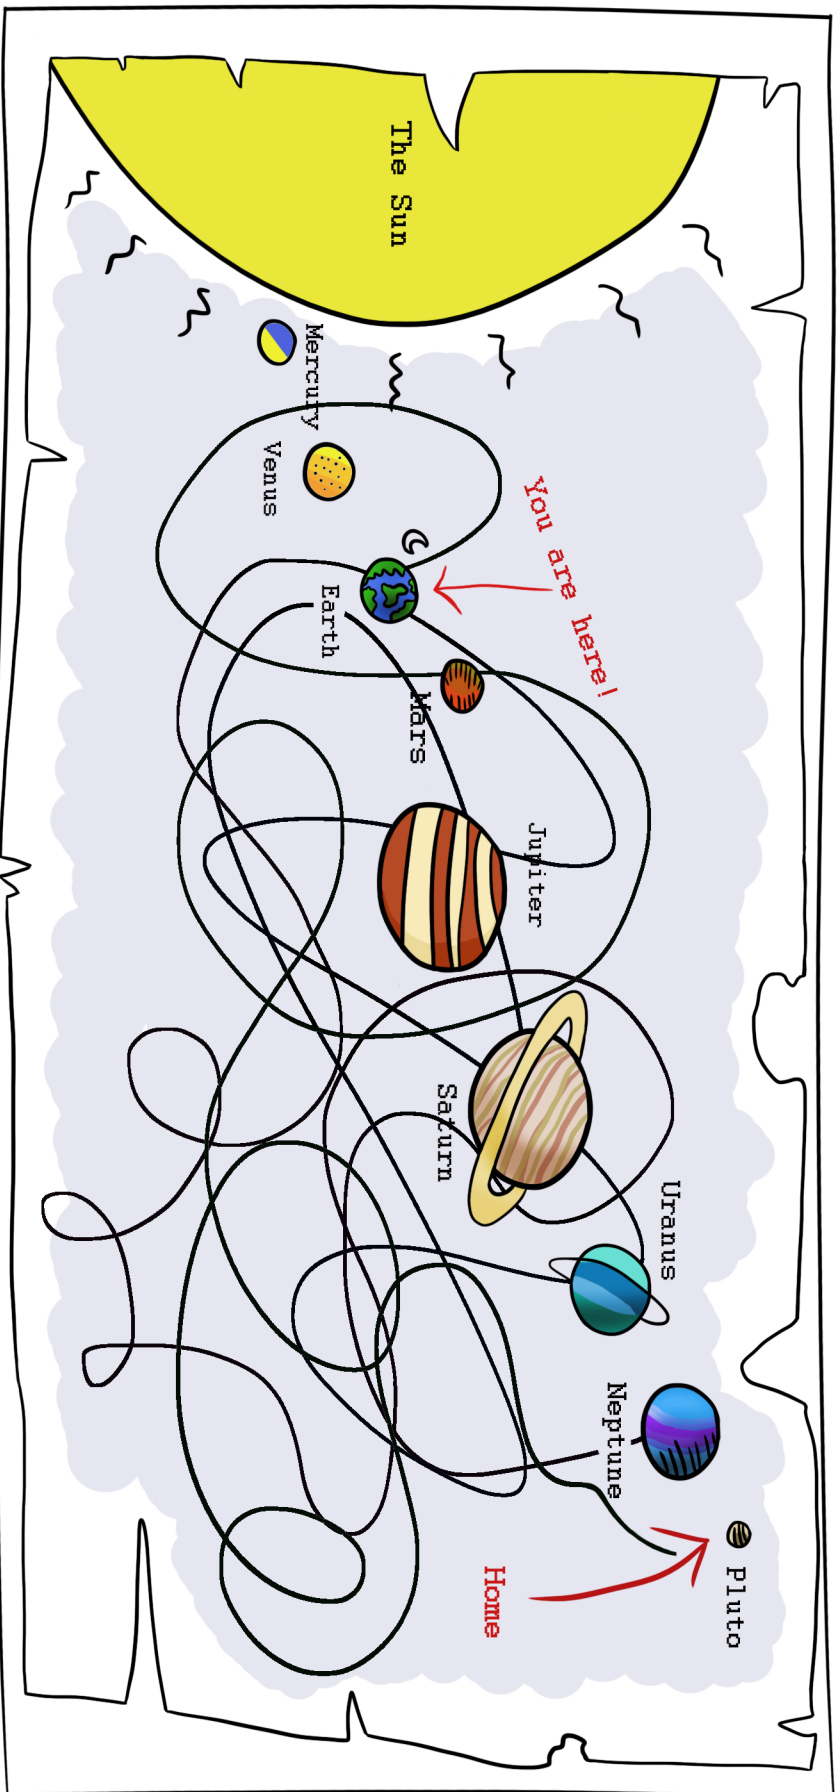

Where is your home anyway?

Follow Dash's space map to find Pluto!

How many planets are there?

How many planets does Dash need to go past to get home?

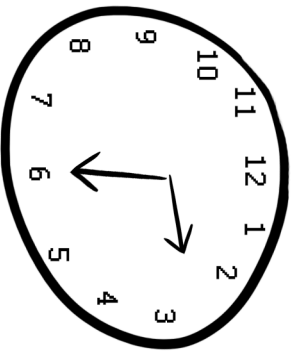

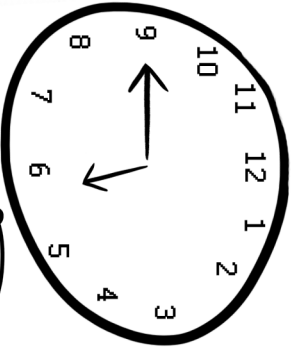

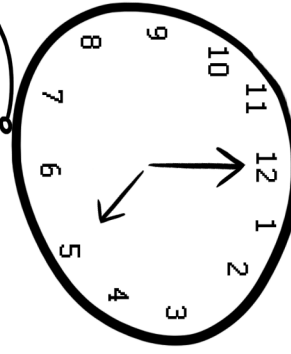

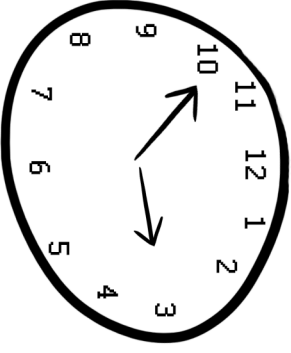

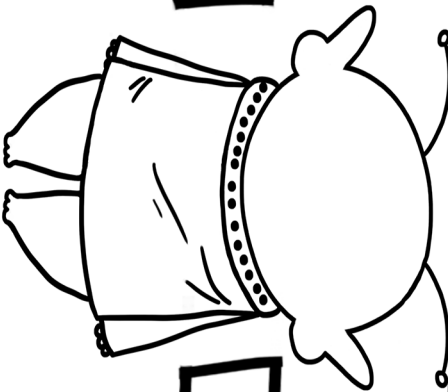

Why don't you call
your parents Dash!
Let them know you're okay!

Look at all Dash's clocks! Look at the clocks and write the time

on each planet in the box's beneath!
What time is it on Earth right now?

<p>MARS</p> 	<p>VENUS</p> 	<p>SATURN</p> 	<p>PLUTO</p> 
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Oh no! The ship's phone
is broken too!

We'd better find
those parts fast!

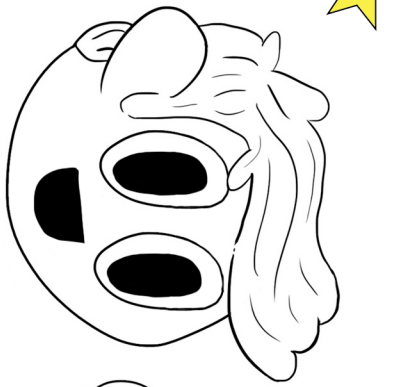

Slow down! Let's get organised!
Here's a list of the parts we need! Help Dash work out how many of
each item he needs to find!

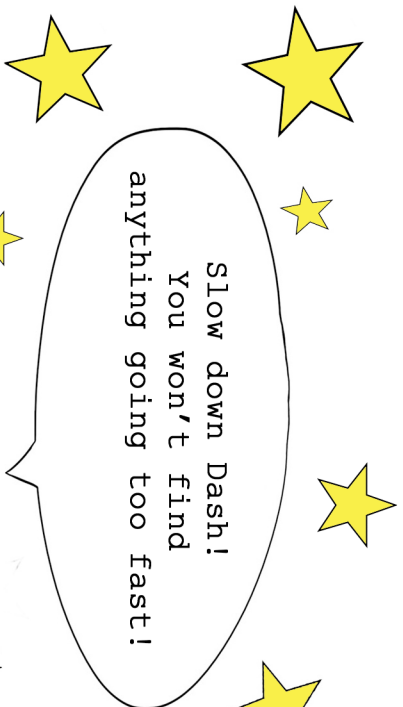

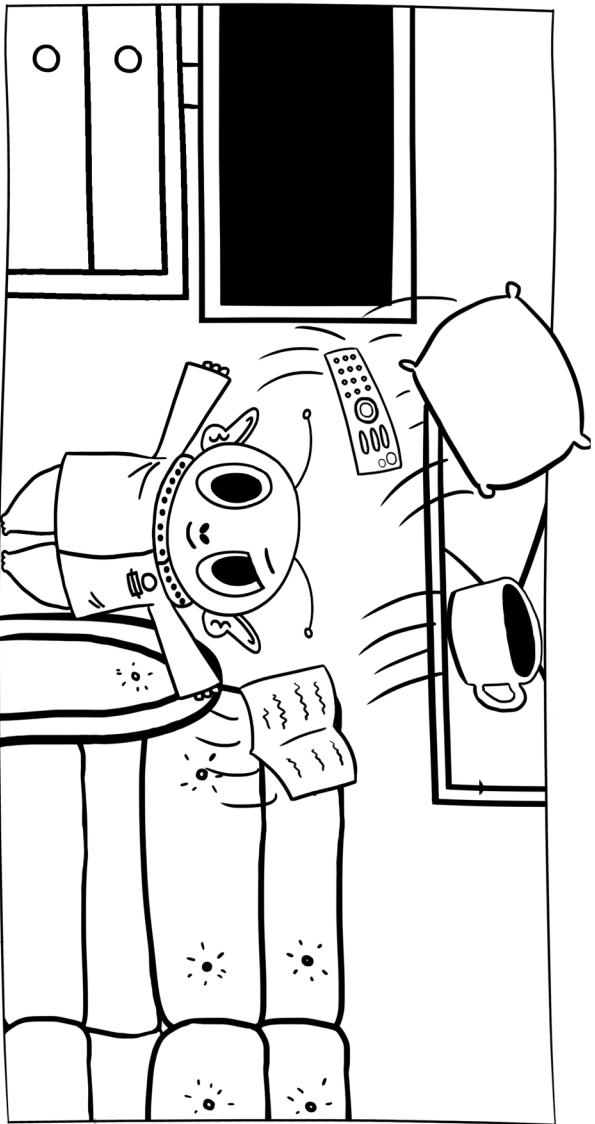

Draw lines to match the answers to the parts!

<i>Spring</i>	$4 \times 2 =$	8
Diamonds	$4 \div 2 =$	2
Hammer	$2 \times 3 =$	6
Fire	$10 - 9 =$	1

Spring    

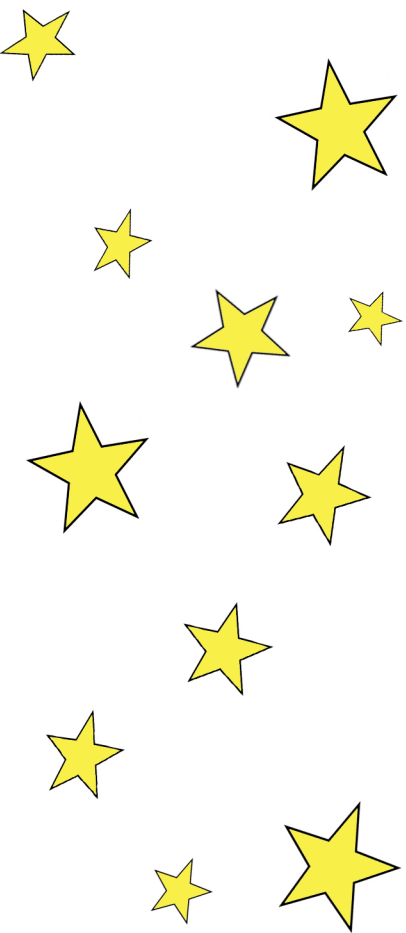

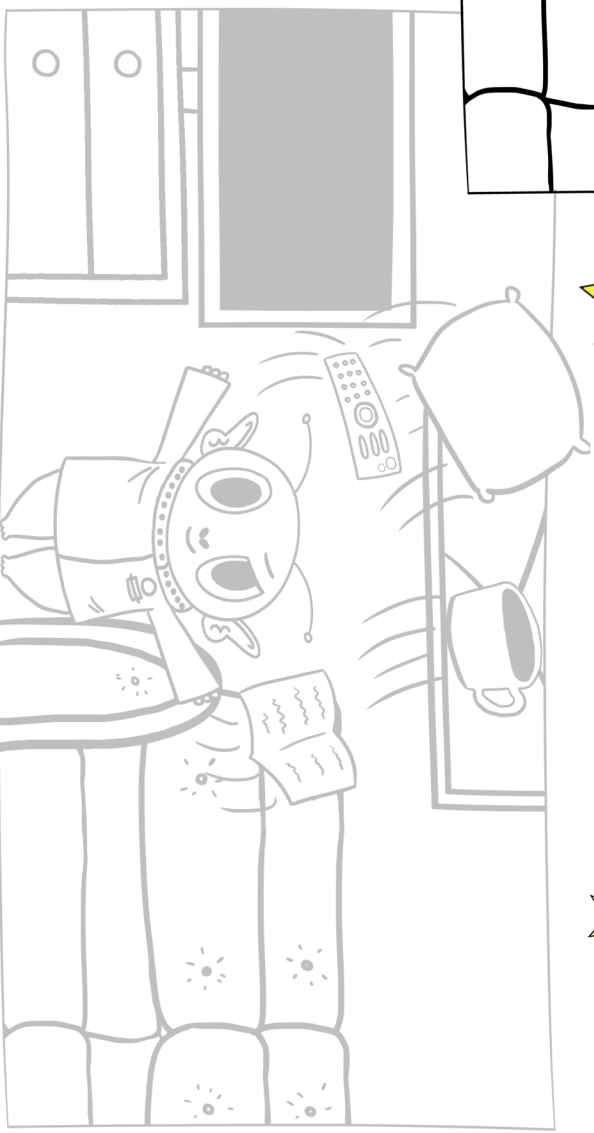

Okay Dash!
Let's start searching
in the living room!

Slow down Dash!
You won't find
anything going too fast!

Copy and colour Dash
to show him he's going too fast!

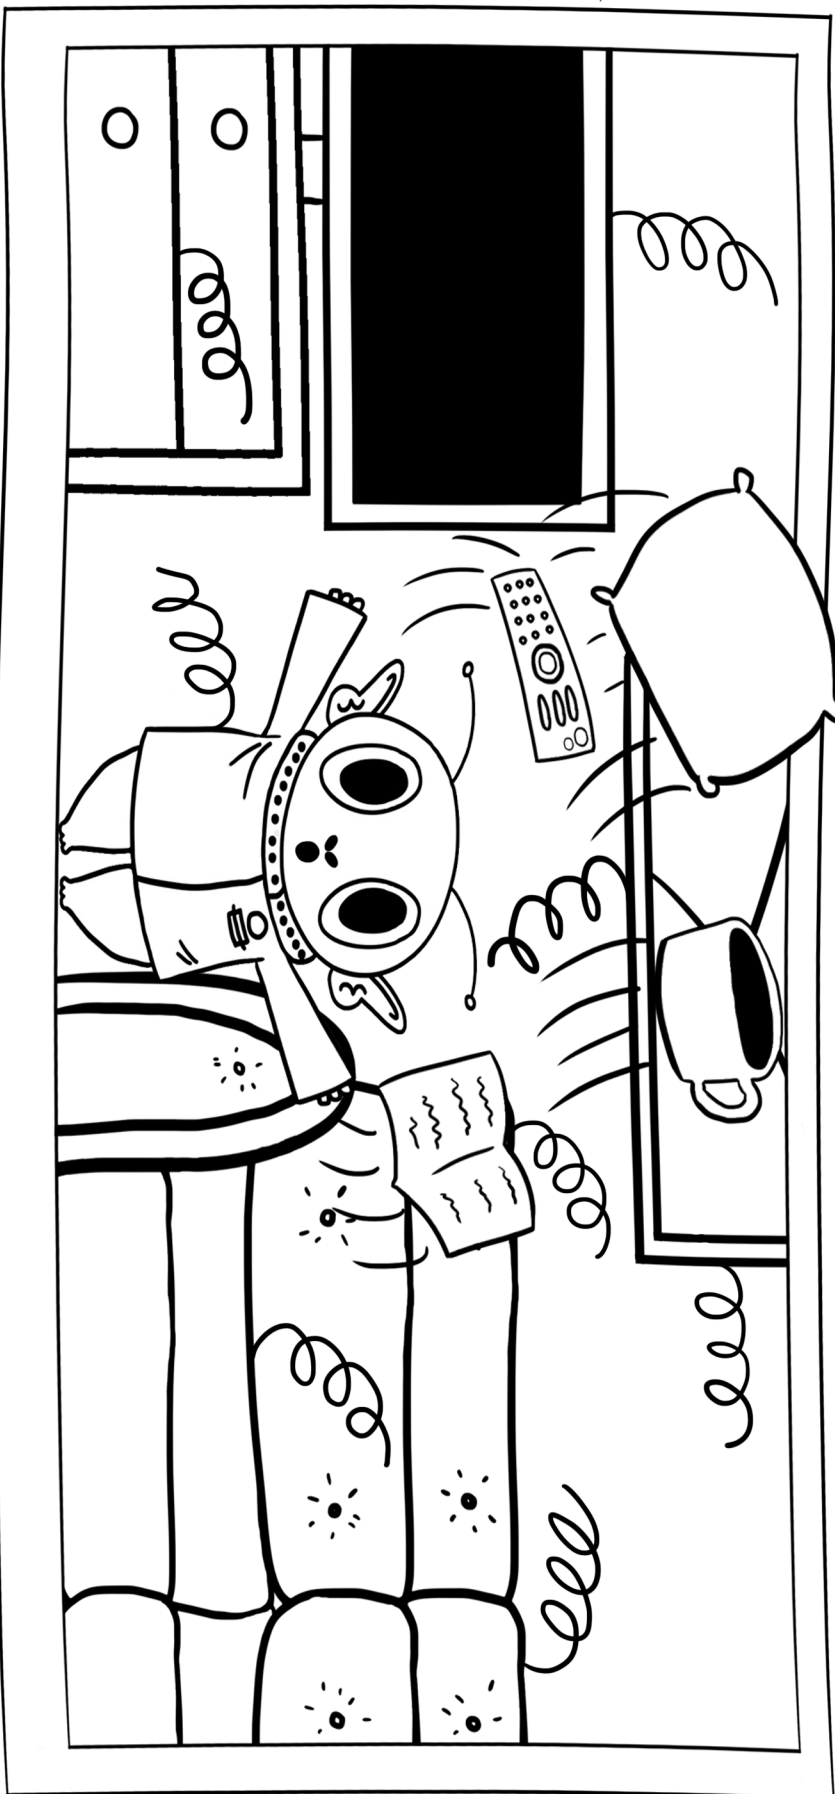

Slow down Dash!
You're making a
huge mess!

We have to show
him it's better to
go slow!

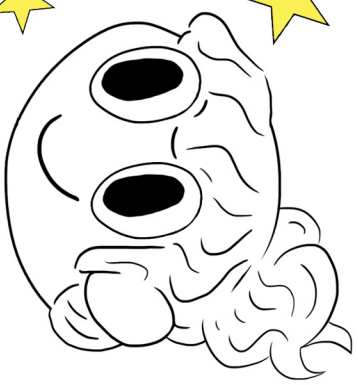

Find all eight springs to show Dash
that slowing down makes finding things easier!
Don't forget to go back and cross them off the
list we made!

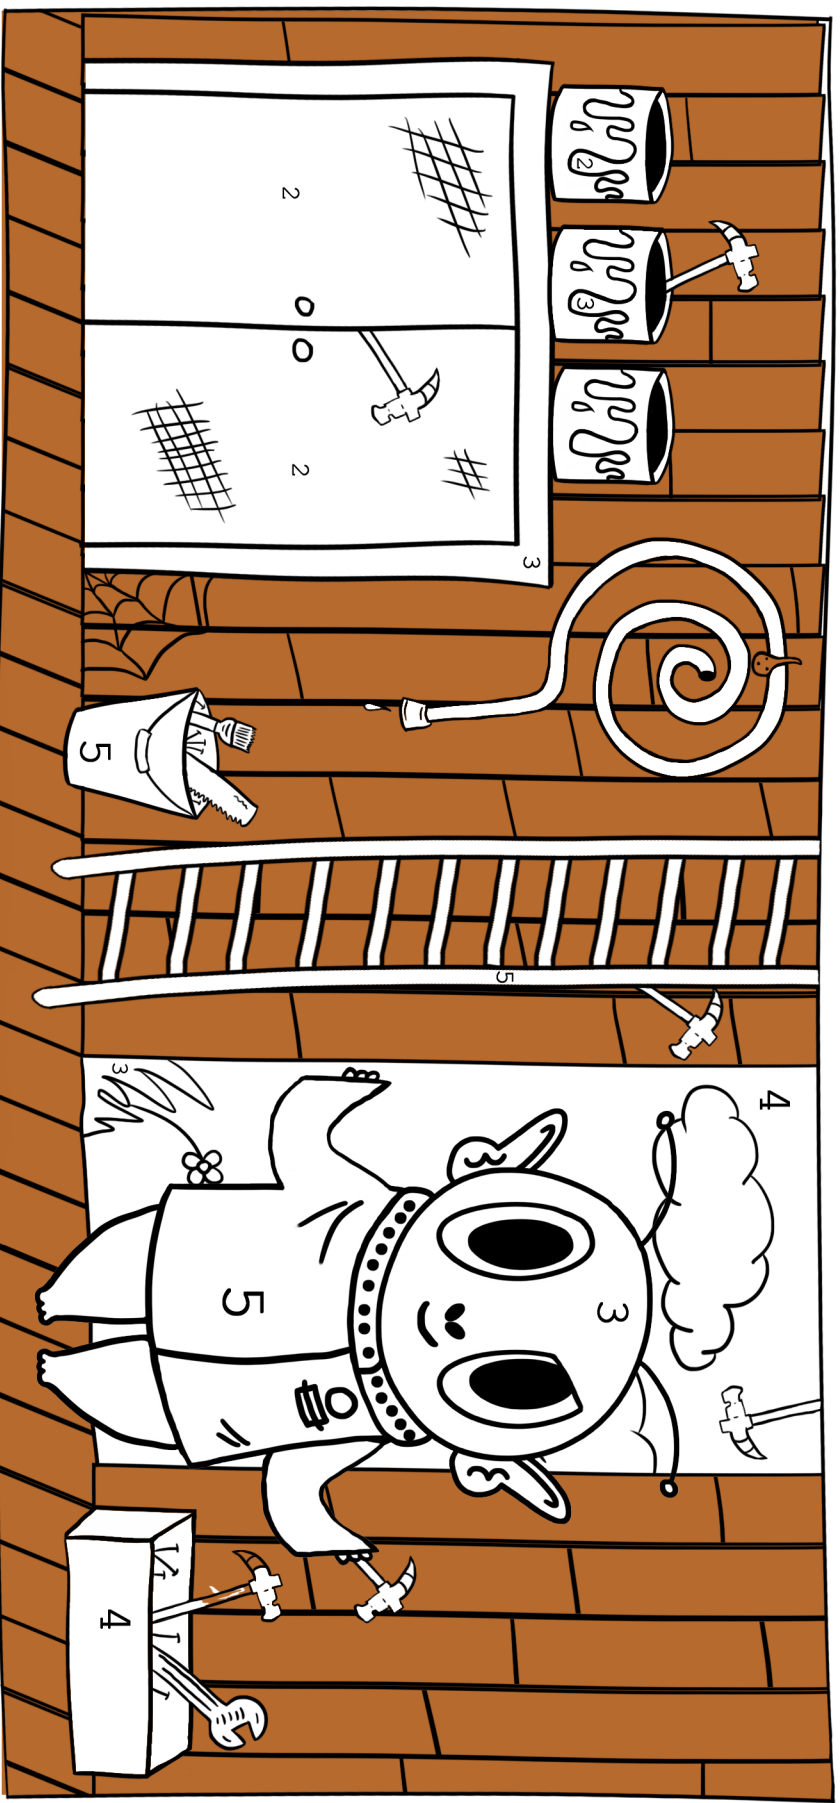

Yes we found
the springs!
Now we need
those hammers!

Dad has a hammer!
Let's look in
the garage!

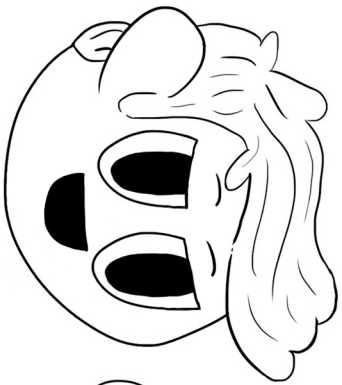

Can you find all six hammers in the garage?

Look at the numbers below and colour everything in!

1 = brown, 2 = red, 3 = green, 4 = blue, 5 = grey

What's next on the list?

Slow down! Let's test Dash's memory!

W A C X T B N R G W J X T L
 X E H O S E W X E F I T N E
 Y T B Q E G S I R D H S I Q
 F C Q U H P R Q S S D F A B
 I L S P A V W B U B F A P R
 W E O N W B R R X D F N L X
 Y Y N G D H B W S H J K D D
 T E K C U B V F E Y X P L F
 R G I E L K Q H I I L L E E

Think about what was in Dad's shed!

How many of them can you find in the word search?

BRUSH

BUCKET

HOSE

LADDER

LADDER

SPANNER

WEB

PAINT

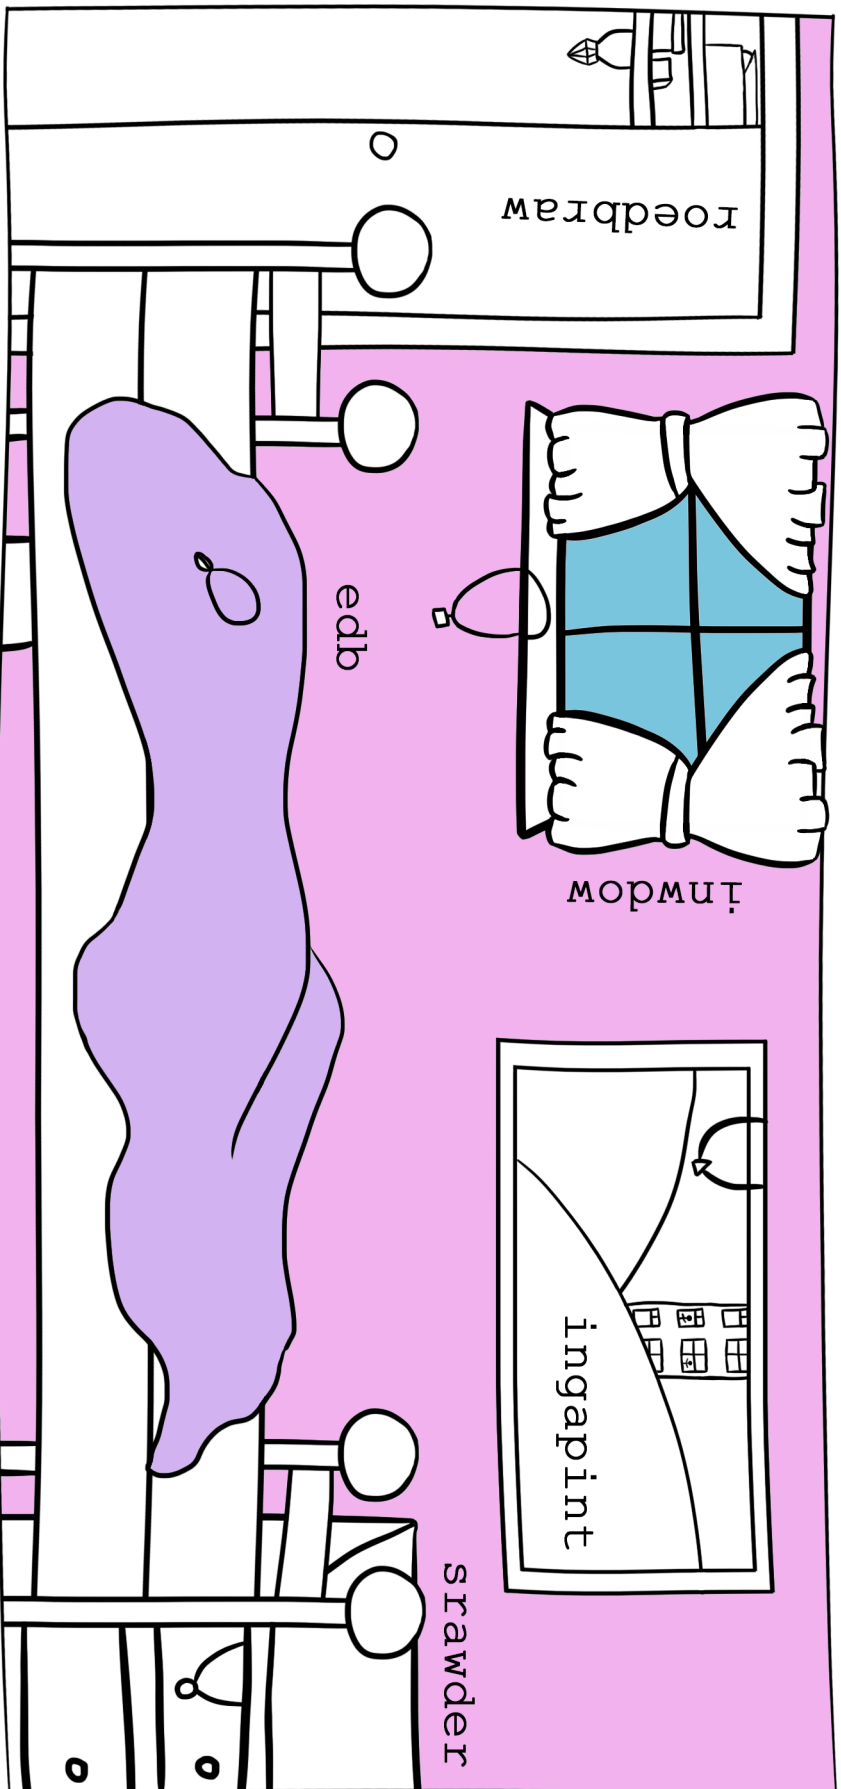

Where on earth
are we going to
find a diamond?

Mum has a
diamond necklace!
Let's check her
bedroom!

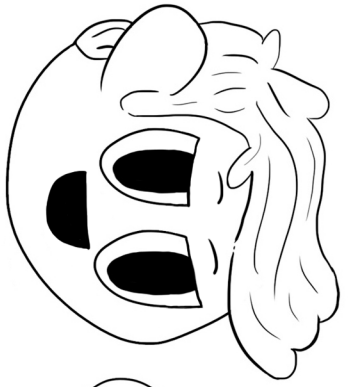

Unscramble the words to fill in the gap!

"Mum's diamond necklace is in the _____!"

Don't forget to colour everything in!

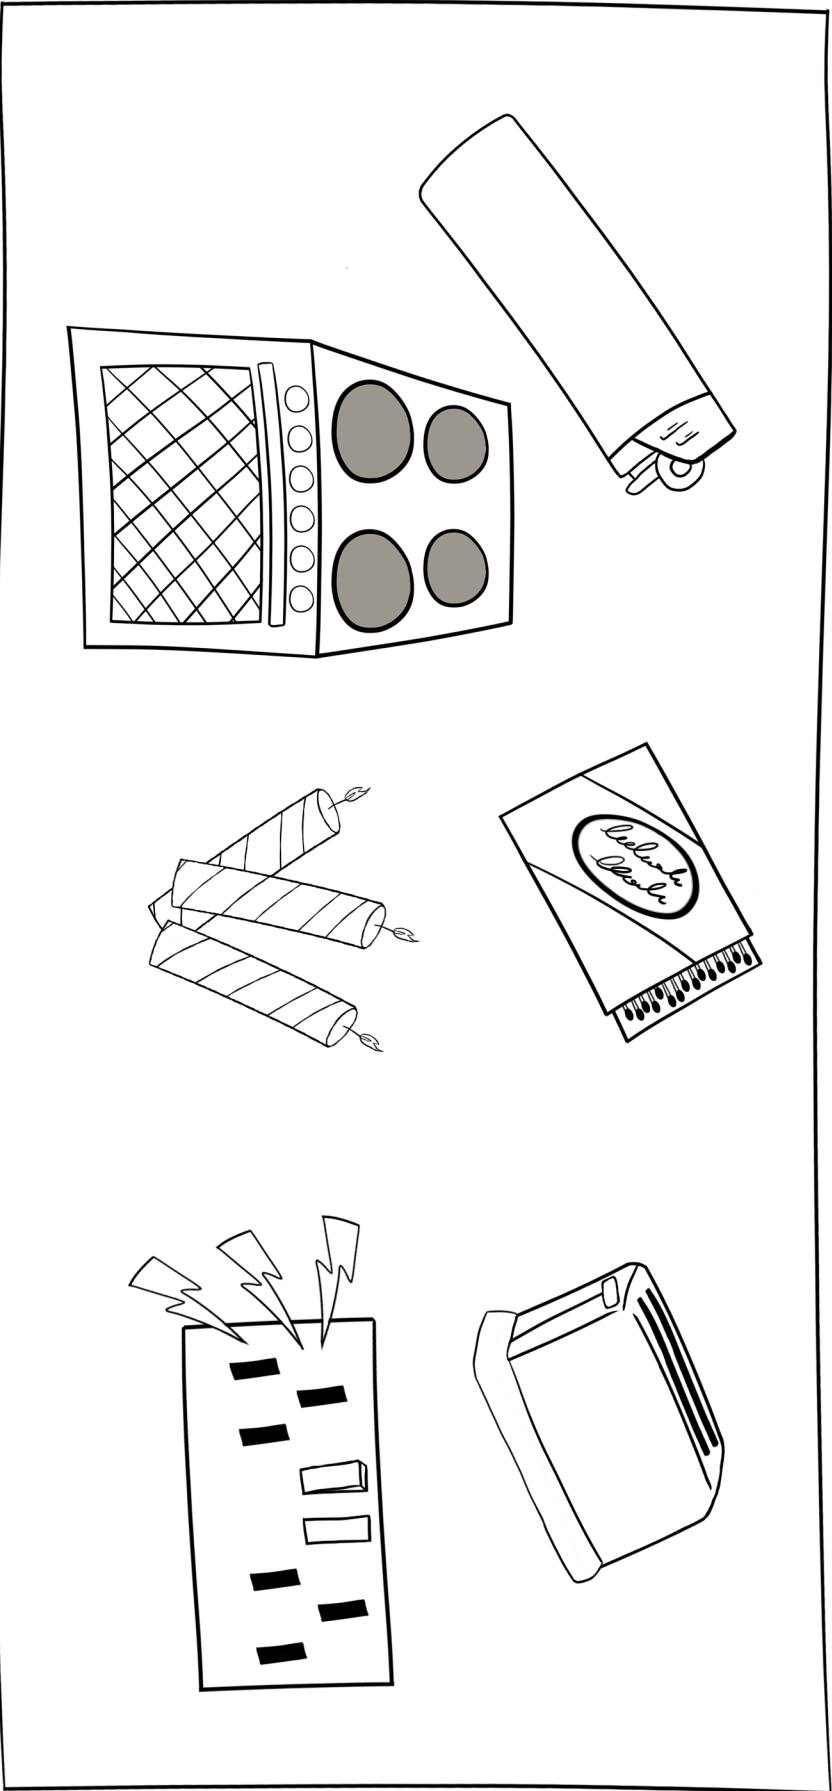

Wool! Only one
more thing to find!

We can't play with
fire because it's
dangerous! We'll ask Mum
to help!

Colour in all the objects, which ones could
cause a fire and how?

We'll miss you and remember
to fly your spaceship carefully!

Bye Dash!
Remember not to be in
such a hurry!

Colour the kid's in to say goodbye
to Dash!
